

GS PRO RA 25S2 600X525

EASY TO MOVE

LIFTER GS PRO, SPECIAL AND 3000 KG

The GS PRO pallet truck is equipped as a standard with an entry and exit roller and a more ergonomic handle than the GS Basic. Available with weight capacity of up to 3000kg.

MAXIMUM PRESSURE VALVE

When the maximum load capacity is exceeded, oil pressure exceeds its maximum limit and the valve automatically locks the forks. Thus possible structural damage is avoided.

VARNISHING

Following an appropriate conditioning operation the frame is varnished with polyester powder at a temperature of 250° to guarantee maximum resistance to wear and atmospheric agents.
