

## LIGHT TOWER 4X1000W

### LIGHT TOWER

With a high luminosity power the LIGHT TOWER are the innovative easy-to-use solutions for many activities: sport event, building yards, night harvest, emergency needs.

#### Power

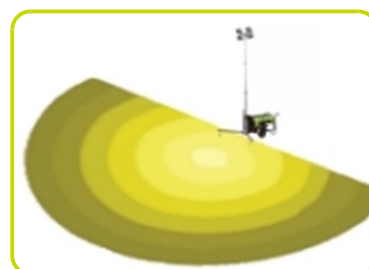

Lamp	W	4000
------	---	------

#### Electric

Number of Lamps		4
Lamps		Halogen
Lamps power	W	1000
Voltage	V	230
Lamp life	h	2000
Ignition time (turn on)	mn	0
Re-ignition time	mn	0
Operation temperature	°C	-5/+130

#### Light

Lighting perimeter	m2	1500
Maximum Lumens	Lm	88000

## Security

Protection	IP	65
Wind resistance	Km/h	100

## Telescopic mast

Alluminium telescopic mast		•
Lifting system pneumatic		•
Maximun height	m	4.2
Quick open/close system for legs		•
Height adjustable stabilizer	nr	2
Mast Support genset		•
Rings for lifting	nr	4

## Accessories

Transportation kit		O
ES series adaption		O
Genset (only for version tubular frame)		O
Power required generator (230V)	kVA	5.0

### • : Standard

- : Standard
- O : Optional
