

LIGHT TOWER 4X500W

LIGHT TOWER

With a high luminosity power the LIGHT TOWER are the innovative easy-to-use solutions for many activities: sport event, building yards, night harvest, emergency needs.

Power

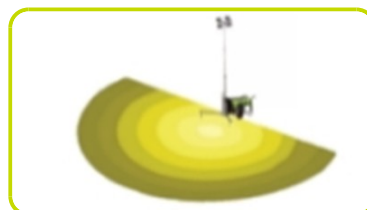

Lamp	W	2000
------	---	------

Electric

Number of Lamps		4
Lamps		Halogen
Lamps power	W	500
Voltage	V	230
Lamp life	h	2000
Ignition time (turn on)	mn	0
Re-ignition time	mn	0
Operation temperature	°C	-5/+130

Light

Lighting perimeter	m2	700
Maximum Lumens	Lm	38000

Security

Protection	IP	65
Wind resistance	Km/h	100

Telescopic mast

Alluminium telescopic mast		•
Lifting system pneumatic		•
Maximun height	m	4.2
Quick open/close system for legs		•
Height adjustable stabilizer	nr	2
Mast Support genset		•
Rings for lifting	nr	4

Accessories

Transportation kit		O
ES series adaption		O
Genset (only for version tubular frame)		O
Power required generator (230V)	kVA	2.5

• : Standard

- : Standard
- O : Optional
