

DOMETIC NAUTICAL AIR CONDITIONING MCS T16

Product price:

3.650,00 € tax excluded

Product description:

DOMETIC MCS T16 NAUTICAL CONDITIONER

The DOMETIC MCS T16 is a nautical air conditioner with heat pump and suitable for use on boats. Hot air, cold air and dehumidification in one elegant unit, small in size and easy to install. The DOMETIC MCS T16 nautical air conditioner makes the perfect climate aboard yachts and small boats!

The new DOMETIC MCS T16 uses the award-winning DTU unit for quick, easy and versatile installation. Inclined fan for custom mounting and composite sump with quick couplings and high quality anti-vibration insulation for quiet operation - the DOMETIC MCS T16 offers true OEM quality in one kit. All components and mounting materials are included. The three available capacities, all with R-410A refrigerant, allow the systems to operate efficiently, providing air conditioning comfort to cabins of various sizes or designs.

Through an easy-to-use control panel, this ultra-compact unit creates the ideal climate on board with six fan speeds and an additional automatic setting. Supplied with all the fixings and fittings, the DOMETIC MCS T16 nautical air conditioner is quick to assemble and creates a "home" atmosphere with great simplicity.

TECHNICAL FEATURES DOMETIC MCS T16

Frequency: 50 Hz

Voltage: 230 V

Cooling capacity: 4689.14 W

Power consumption - Cooling mode: 1320 W

Length: 338 mm

Width: 544 mm

Height: 341 mm

Weight: 26.5 Kg

Product features:

Frequency (Hz): 50

Voltage (V): 230

Refrigerating yield: 16000 BTU / 4.7 KW

Inlet power, refrigerating (KW): 1.32

Length (mm): 338

Width (mm): 544

Height (mm): 341

Product type: Air conditioner

Coolant: R410A

Weight (Kg): 26.5
