

GENSET WELDBABY 180

Product price:

1.976,00 € tax excluded

Product description:

The MPM range has been designed to meet the needs of those who need motor welding machines for highly professional applications. This result has been obtained mainly thanks to the peculiar characteristics of the GenSet asynchronous alternator: versatility, reliability and efficiency.

The attention paid by GenSet to the different needs of users of motor welding machines in every part of the world and in every environmental condition, has resulted in the development of a complete range in terms of:

- type of motorization;
- different levels of soundproofing;
- variety of welding processes that can be carried out;
- number of accessories available.

The image is purely indicative.

Product features:

Phase: Single phase

Maximum power single phase (KVA): 1

Fuel: Gasoline

Voltage (V): 110 / 230

Sockets configuration: Presa di corrente trifase CEE 400 V 16 A+ Presa di corrente monofase CEE 230 V 16 A

Engine: Honda GX200, 4 stroke, OHV

Engine rpm (rpm): 4000

Ignition: Recoil

Starting system: Pull starter

Engine capacity (cm³): 196

Number cylinders: 1

Cooling: Air

Welding current (A): 400 A at 100% - 500 A at 60%

Open circuit voltage (V): 70

Fuel tank capacity (L): 3.8

Consumption (L/h): 1.8 at 75% of the load

Acoustic power: 95 dB(A)

Length (mm): 720

Width (mm): 440

Height (mm): 510

Dry weight (Kg): 98

Inverter: No

AVR: No

Compound: No

Silenced: No

Super silenced: No

Engine manufacturer: Honda
