

DOMETIC COOLFREEZE CFX 75DZW Mobile compressor dual-zone cooler and freezer

Product description:

Specifically designed to fit all kinds of vehicles, the CFX Series is a range of compact portable compressor fridges and/or freezers to keep food and drinks well chilled or even frozen while out on the road. The range includes a variety of models including an ultra-compact cooler and one with two separate temperature zones for simultaneous cooling and freezing.

A powerful and uncompromising compressor cooler with special CFX electronics and two separate temperature zones. Energy-saving and quiet operation.

LED light

Energy efficient LED interior light.

Easy to carry

Space-saving folding and detachable carrying handles.

Robust

Heavy-duty design with reinforced corners and a robust closing mechanism.

USB port

USB port for charging small electronic devices.

Efficient deep-freezing

Sensational deep-freeze performance down to -7°F with minimal energy consumption.

WiFi App

Temperature control via WiFi App.

Award-winning fridge/freezer

The Dometic CFX series represents the next generation of portable coolers. Firstly, there's the CFX Special Electronics which include an intelligent automatic turbo cooler and memory function to remember your preferred settings. Then not only is it suitable for deep freezing down to $-22\text{ }^{\circ}\text{C}$ but it can also operate on solar power. This premium compressor cooler provides superbly quiet, highly-efficient and powerful cooling performance, regardless of the ambient temperature. Its two separate compartments can be cooled independently to the temperature of your choice, allowing simultaneous cooling and freezing. There's even a USB charging port for charging small electrical devices. Comfortably take this amazing cooler and freezer wherever you go thanks to conveniently detachable carry handles. While heavy-duty details like reinforced corners, stainless steel hinges and a robust lid lining, mean Dometic's award-winning CFX series coolers will withstand the most demanding of loads. On top of all this, you can effortlessly monitor and control the cooling temperature by an app on your smartphone or tablet!

Tested in the most extreme weather conditions!

The Dometic CFX powered cooler has excellent cooling performance in high ambient temperatures. We know this because it's tested in the harsh conditions and extreme heat of the Australian desert! It's rugged, efficient, and ready for action. The CFX is our most awarded product and you'll quickly understand why.

The best powered cooler!

The Dometic CFX 75DZW Dual Zone Portable Fridge/Freezer is an extremely powerful compressor cooler which has 2 compartments for cooling and freezing with separate controls and lids. Fresh foods, bottled drinks and frozen foods can therefore be all stored at optimal temperature conditions. With two separate temperature zones allowing cooling and freezing at the same time! The CFX 75DZW has an innovative feature where the temperature can be set and monitored from either the built-in control panel or with an easy-to-use WiFi app from your mobile Android or iPhone, which can be downloaded from the respective app stores.

Where does the CFX get its immense power?

Compressor cooling technology, used in Dometic's CFX series, offers unrivalled cooling power. But how does it work? Well, it relies on a refrigerant that changes from a liquid to gaseous state in the evaporator. The evaporation process extracts heat from the interior of the cooling unit, causing the temperature to drop. The compressor draws in the refrigerant, compresses it and passes it on to the condenser. From here, the absorbed heat is released into the atmosphere. The refrigerant liquefies and flows back to the evaporator, where the cycle begins again. The result of this is an excellent cooling performance, capable of deep-freezing, even at extreme ambient temperatures.

Simultaneous cooling and freezing

Do you want to store fresh produce or preferably frozen food? Actually this is not the question

here. Dometic CFX DZ series coolers satisfy all your needs with their dual-zone refrigeration system. Even simultaneous cooling and freezing is possible. The larger CFX DZW models gives you two practical extra features. First, the temperature can be set and monitored with an easy-to-use WiFi app. Second, the two temperature zones have separate controls, so they can be precisely set as required. this fridge and freezer har unbeatable quality features, we know you will appreciate!

High-tech cooler for universal use

If you want to store fresh food and bottled drinks this cooler will satisfy all your needs. The Dometic CoolFreeze CFX 75DZW with its two temperature zones makes simultaneous cooling and freezing possible. This high-tech cooler is impressively efficient, quiet and built to withstand the most demanding of loads; yet is also remarkably lightweight and easy to transport. Separate compartments for cooling and freezing down to $-22\text{ }^{\circ}\text{C}$. You can even change settings via an app!

Product features:

Frequency (Hz): 50 / 60

Voltage (V): 100-120 / 200-240

Length (mm): 495

Width (mm): 887

Height (mm): 472

Dry weight (Kg): 31

Feed Type: 12 / 24 V - 100-240 V

Product type: Compressor refrigerator

Colour: Grey

Capacity of the refrigerator (L): 70

Freezer (L): 0-70

Climate class: N,T

Energy class: A+

Coolant: R134A
