

ZIPWAKE IT300S INTERCEPTOR FRONT

Product description:

ZIPWAKE IT300S INTERCEPTOR FRONT

A front assembly comprises the interceptor's front housing, blade and assisting roller blade, the small parts that deal with blade linear motion and the set of screws required to mount the front to the back plate.

The front assemblies of the Series S interceptors have been designed to mitigate further damage to the interceptor in the rare event of contact with floating debris.

Each interceptor model's front assembly is therefore available as a spare part.

Product features:

Width (mm): 300

Product type: Interceptor Front

Weight (Kg): 1
