

# Victron Phoenix 24/5000 Pure Sine Wave Inverter 10000W

**Product price:**

**1.825,00 € tax excluded**

## **Product description:**

Victron Phoenix 24/5000 Pure Sine Wave Inverter 10000W

The Victron Phoenix 24/5000 is a sine wave inverter that ensures the operation of electrical devices up to 10000W powered by a 24V battery.

The Victron Phoenix 24/5000 is a high-quality inverter that offers exceptional power and advanced versatility. Thanks to its pure sine wave output, it delivers superior performance for a wide range of applications, both professional and domestic.

The innovative SinusMax technology is at the heart of this inverter, combining high peak power with optimal efficiency. By implementing AF hybrid technology, the Victron Phoenix 24/5000 is designed to provide efficiency without compromising performance. This results in a compact and lightweight device capable of easily powering various loads.

A distinctive feature of this inverter is its operational flexibility. It can be used in parallel configurations, allowing you to connect up to 6 units to achieve higher output power. The Victron Phoenix inverter line has been designed with a focus on advanced engineering principles, aiming to provide a reliable and high-performance solution.

The Victron Phoenix 24/5000 offers a compact yet powerful solution, capable of meeting different energy needs. The combination of cutting-edge technologies, combined with the possibility of operating in parallel and three-phase modes, makes this inverter the ideal choice for those seeking optimal performance and versatility in a single solution.

Technical Specifications Victron Phoenix 24/5000

Input Voltage: 19-33 Vdc

Output Voltage: 230 V  $\pm$  2% / 50 / 60Hz  $\pm$  0.1% (1)

Continuous Output at 25°C: 5000 VA

Continuous Output at 25°C / 40°C / 65°C (W): 4000 / 3700 / 3000

Maximum Power: 10000 W

Maximum Efficiency at 24V: 94%

Zero Load Power at 24V: 30 W

Width: 328 mm

Length: 240 mm

Height: 444 mm

Weight: 30 Kg

#### **Product features:**

Phase: Single phase

Frequency (Hz): 50 / 60

Output voltage (V): 230

Length (mm): 240

Width (mm): 328

Height (mm): 444

Input voltage (V): 24

Kind of wave: Pure Sinusoidal

Continuous power (W): 4000

Colour: Blue

Weight (Kg): 30
