Product description:

HONDA snowplow HSS655ET Crawled 3,6kW

Honda HSS655ET snowplow Crawled the capacity to handle up to 32 tons/hour and snow up to 50 cm high, capable of delivering a power of 3,6KW. Thanks to the decompressor, manual starting is easy and effortless. These models are perfect for home use in areas with small to medium amounts of snow, or for professional use in small areas.

The high-performance Honda HSS655ET snowplow Crawled are perfect for shoveling snow up to 50 cm high. Moving 46 tons per hour, they can shovel an area the size of two tennis courts, in just over ten minutes.

Throwing snow a distance of 14 meters requires a great deal of effort and would require many people with shovels; again, the Honda HSS655ET with GX 160 4-stroke engine capable of delivering 3,6KW will get the job done in no time. HONDA HSS655ET this engine is as reliable as it is powerful and is designed to produce low noise, vibration and emissions. And it has no problems with cold starting either. Thus, this snowplow is the easiest to use. And since it consumes very little, it will prove to be an advantageous choice for your pocket as well.

TECHNICAL CHARACTERISTICS HONDA HSS655ET Snowplow Crawled 3,6KW

- Auger width: 55 cm
- Working width: 55 cm
- Working height: 50 cm
- Maximum capacity: 32 tons/hour
- Maximum jet distance: 14 m
- Jet direction adjustment: manual
- Three-speed transmission for greater control for optimal machine efficiency depending on operating conditions.
- Speed: 1.08 - 2.60 km/h

- Tracked model: provides the best traction, the tracks make this product perfect for uneven surfaces and gravel paths, moreover, they avoid slippage so you always have complete control of the machine, even on very inclined surfaces.
- Engine speed adjustment
- Engine model: GX160
- Engine power: 3,6KW
- Tank capacity: 3.1 liters
- Autonomy: 2,7 hours
- Starting system: manual recoil starter
- Length: 1400 mm
- Width: 550 mm
- Height: 1110 mm
- Dry weight: 67 kg
- Noise level: 100 dB(A)

Product features:

Fuel: Gasoline

Engine: Honda GX160, 4 stroke, OHV

Engine rpm (rpm): 3600

Ignition: Recoil

Starting system: Automatico

Working width (mm): 550

Working height (mm): 500

Capacidad máxima (t/h): 32

Speed (Km/h): 1.08-2.6

Throwing distance (m): 14

Discharge chute adjustment: Manual

Transmission: Hydrostatics

Net power (kW): 3.6

Fuel tank capacity (L): 3.1

Acoustic power: 100 dB(A)

Length (mm): 1400

Width (mm): 550

Height (mm): 1110

Dry weight (Kg): 67

Traction type: Track laying

Engine manufacturer: Honda
