

HYUNDAI HY 3000 DYNAMIC 2,5 KW STAGE 5 GENERATOR

Product price:

285,98 € tax excluded

Product description:

HYUNDAI HY 3000 DYNAMIC GENERATOR 2.5 KW SINGLE-PHASE STAGE 5

Single-phase generator set with maximum power 2.8 KW with AVR voltage regulator.

The new Hyundai HY 3000 has a new motor and aesthetics. It has an increased tank, standard trolley and handles for easy transport, digital display with 3 functions and STAGE 5 motor, therefore suitable for mobile use.

Hyundai HHY 3000 is equipped with AVR voltage regulator able to guarantee great stability to the output voltage and frequency values regardless of the load and the motor rotation speed: this machine is therefore suitable, if not subjected to significant load variations, also for the power supply of electronic equipment (computers, televisions and instrumentation in general).

The images are purely indicative.

Product features:

Phase: Single phase

Maximum power single phase (KW): 2.8

Continuous power single phase (KW): 2.5

Maximum power single phase (KVA): 3.5

Continuous power single phase (KVA): 3.13

Fuel: Gasoline

Frequency (Hz): 50

Voltage (V): 230

Sockets configuration: 2x 16A

Engine: D400E, 4 stroke

Emissions Regulations: Stage 5
Engine rpm (rpm): 3000
Starting system: Manual recoil
Engine capacity (cm³): 196
Alternator: A100, copper windings
