

HYUNDAI HY 5500 E-ATS DYNAMIC 5.8 KW GENERATOR

Product price:

890,90 € tax excluded

Product description:

HYUNDAI HY 5500 E-ATS DYNAMIC GASOLINE GENERATOR WITH ATS

Single-phase generator set with maximum power 4 KW with AVR.

The new Hyundai HY 5500 E-ATS has a new engine and aesthetics. It has an oversized tank, trolley and standard handles for easy transport, electric start and digital display with ammeter, frequency meter and hour meter.

Hyundai HY 5500 E-ATS is equipped with AVR voltage regulator able to guarantee great stability to the output voltage and frequency values regardless of the load and the motor rotation speed: this machine is therefore suitable, if not subjected to significant load variations, also for the power supply of electronic equipment (computers, televisions and instrumentation in general).

The images are purely indicative.

Product features:

Phase: Single phase

Maximum power single phase (KW): 5.8

Continuous power single phase (KW): 5.5

Maximum power single phase (KVA): 6.5

Continuous power single phase (KVA): 6

Fuel: Gasoline

Frequency (Hz): 50

Voltage (V): 230

Sockets configuration: 1x 32A

Engine: HY390

Engine rpm (rpm): 3000

Starting system: Electric

Engine capacity (cm³): 389

Alternator: B110

Poles: 2

Single-phase power (KVA): 5.8
