

VTE PAGURO REMOTE CONTROL ATS-25 WITH ADAPTER

Product price:

392,00 € tax excluded

Product description:

VTE PAGURO REMOTE CONTROL ATS-25 WITH ADAPTER

The remote control is a management, supervision and protection tool for the PAGURO. It has a graphic LCD display with white backlight, for the visualization of the engine RPM, the current output, the frequency and the hour counter; it is equipped with a light for a quick view of the generator alarm status.

This control is compatible with most of the marine VTE models thanks to the adapter included in the supply.
