

HONDA EU 65IS

Product description:

GENERATOR 8.1KVA HONDA EU65IS A BENZINA INVERTER USED

HONDA EU65is inverter Generator **8,1kva USED** small but contains all the functions and innovations needed to ensure clean and environmentally friendly energy supply for the operation of sensitive electronic equipment in large outdoor environments.

Used Manelservice guarantees you that the generator 8,1kva; has always received routine maintenance from a team of specialized technicians and in optimal conditions.

Maximum comfort HONDA EU65is Generator 8,1kva

Thanks to the acoustic insulation and the exclusive silencer of the exhaust system, the HONDA EU65is are the most silent. A combination of lightweight materials and design and an ergonomic handle make this Generator 8,1kva easy to lift and carry.

Consistent, clean energy HONDA EU65is Generator 8,1kva

There is nothing better than an Generator 8,1kva that, thanks to its unique Inverter technology, can guarantee you a constant, clean and uninterrupted power supply (see image below).

Launched by Honda in 1987, the Generator 8,1kva works in combination with a load sensing device that provides electricity; of the highest quality; according to demand. A quality that effectively equals home quality.

Energy on demand safely HONDA EU65is Generator 8,1kva

Thanks to the unique ECO-Throttle&trade load sensing device; as the load increases, so do the revolutions. This operation is done automatically and instantaneously to keep up with the demand.

Oil Alert technology; switch off™ automatically contact in case the oil is below the safety level.

The union makes the force HONDA EU65is Inverter Used Generator 8,1kva

The portable unit can be connected together by a parallel cable which doubles the power. Così connected, they can meet the needs of small structures such as energy supply to ensure the operation of the air conditioner in a motorhome. small are more easy to manage and carry rather than a large one and, once on site, can be connected to increase the power.

Battery charging Generator 8,1kva HONDA EU65is inverter USED

A convenient 12 Vdc socket allows charging a car battery while providing the necessary power to other. These portable power unit are a 360° power source;.

On the roof of the world Generator 8,1kva HONDA EU65is inverter

The portable HONDA EU65is have been chosen by a team of doctors to complete a famous medical experiment on Mount Everest. Even at the top of the world they have proven their quality; in the energy produced and extremely quiet way.

Warranty Generator 8,1kva HONDA EU65is inverter Used

When you purchase an HONDA EU65is you will benefit from the exclusive advantage of a national or commercial warranty, provided that the service program is adhered to.

In addition to the Generator 8,1kva **HONDA EU65is** inverter you can find other similar products in our catalogue.

Product features:

Phase: Single phase

Maximum power single phase (KW): 6.5

Continuous power single phase (KW): 5.5

Maximum power single phase (KVA): 8.1

Continuous power single phase (KVA): 6.87

Fuel: Gasoline

Frequency (Hz): 50

Voltage (V): 230

Sockets configuration: 2 x 230V 16A 2P+T CEE - 1 x 230V 32A 2P+T CEE

Engine: Honda GX390, 4 stroke, OHV

Ignition: Transistorized

Starting system: Manual / Electric

Engine capacity (cm³): 389

Number cylinders: 1

Oil capacity (L): 1.1

Cooling: Air
Alternator: Multipolar
Fuel tank capacity (L): 16.5
Consumption (L/h): 3.2~1.2
Running time (h): 5.25
Acoustic power: 91 dB(A)
Acoustic pressure: 75 dB(A)
Length (mm): 850
Width (mm): 670
Height (mm): 699
Dry weight (Kg): 128
Inverter: Yes
AVR: No
Compound: No
Silenced: Yes
Super silenced: Yes
Voltage regulator: Inverter
Engine manufacturer: Honda
