## Product description:

### DOMETIC FRESHJET 2200 VEHICLE AIR CONDITIONER 2200W

DOMETIC FRESHJET 2200 air conditioner, perfect for installation on board vehicles, is one of the smallest roof conditioners, to cool, heat and dehumidify campers and caravans up to 7 meters in length.

The DOMETIC FRESHJET 2200 is among the most compact vehicle conditioners currently available on the market. The particularly low starting current of the air conditioner and the " Soft-start " function allow to be used even in campsites with low electrical protection.

The adjustable air flow of the DOMETIC FRESHJET 2200 promotes effective distribution, just the way you want. The integrated LED lights allow you to illuminate the environment inside the vehicle. All the functions of the DOMETIC FRESHJET 2200 air conditioner are conveniently managed from an easy-to-use remote control.

The DOMETIC FRESHJET2 200 conditioner is one of the smallest one for campers and caravans up to 7 meters: the ultra-compact DOMETIC FRESHJET 2200 leaves enough space for solar panels, a satellite dish or even a second FreshJet if you need to separate the air conditioning areas. The very low starting current ensures operation even in campsites with low electrical protection. Thanks to the efficient distribution of air in two directions, the DOMETIC FRESHJET 2200 is able to cool and heat.
