Product description:

HONDA Miimo HRM40 Robotic lawnmower

HONDA Miimo HRM40, the HONDA robotic lawnmower, is the latest addition to the Miimo family: Miimo HRM 40 is a smart robotic lawnmower, perfect for mowing even the smallest lawns. Great in cutting performance, it is easy to set up and offers many new features.

HONDA The easiest way to always have a perfect lawnmower

The HONDA Miimo HRM40 robotic lawnmower has a simple 4-step configuration process that will map the layout of your garden, calculate its dimensions and create a cutting calendar that adapts to the specific situation. HONDA Miimo HRM40 will return to base in time to recharge, then resume cutting where it left off.

To mow those hard-to-reach spaces

With the Position & Cut function the HONDA Miimo HRM40 robotic mower can cut precise areas, such as under garden furniture. All you have to do is activate it manually, place it on the lawnmower and HONDA Miimo HRM40 will do the rest, cutting grass in square areas of 2 m or 3 m side.

Amazon Alexa

Through the Amazon Alexa, the HONDA Miimo HRM40 robotic lawnmower can receive voice commands, warn you of its current status and the next scheduled mowing, making it easier to achieve the goal of a perfectly groomed lawnmower.

HONDA Smart Timer

Thanks to the Smart Timer, the HONDA Miimo HRM40 robotic lawnmower can choose the best times to mow the lawnmower based on real-time weather information, thus avoiding lawnmower mowing in heavy rain. It can also recognise rapid grass growth during a hot period and will automatically start mowing.

Weatherproof

Small Miimo boasts IPX4 weatherproof certification and can withstand most weather conditions without any problems.

Grid cutting pattern

The HONDA Miimo HRM40 robotic lawnmower systematically mows the lawn in 5-meter strips, cutting efficiently and returning directly to the charging base at the end of the cut.

Entrust the lawn care to HONDA Miimo HRM40

The robotic lawnmower HONDA Miimo HRM40 is completely self-contained and can mow lawns up to 400 m² without any assistance. HONDA is the perfect synthesis of innovative and intelligent technologies that eliminate the fatigue that requires the maintenance of a lawnmower that is always perfect.

Also available the version with smartphone app management: the new HONDA Miimo HRM40 LIVE.

Product features:

Acoustic pressure: 63 dB(A)

Length (mm): 445

Width (mm): 364

Height (mm): 202

Product type: Lawnmower

Engine manufacturer: Honda

Weight (Kg): 8

Amplitude of work area: Up to 400 m²

Maximum inclination of shaving area: 15° / 27%

Maximum wire inclination on sloping areas: 9° / 15%

Blade type: 3 (Pivoting blades)

Cutting width (mm): 190

Cutting height adjustment: Manual from 30 to 50 mm

Autonomy for each recharge: 45 min

Recharge times: 45 min

Waterproofness: IPX4

Smartphone application: No

Positioning the charging station: Parallel to perimeter or corner cable
