Product price:

1.720,00 € tax excluded

Product description:

HONDA F560K7 VERSATILE 163 cc 6 Speeds

Honda F560K7 Versatile motor hoes for sale can offer you optimal performance for large flowerbeds and vegetable gardens.

Is gardening serious for you? Try versatile Honda F560K7 motor hoe, which is efficient, light and robust with a 163 cc engine and watch how it digs and turns all kinds of ground. When used in large gardens or on large plots of land, the versatile F560 K7 is a powerful tool with many possibilities, ideal for heavy-duty use. Honda's F560K7 versatile rotary tillers are as robust as a tractor and have intelligent features that make them easy to use.

After years of experience and research in the field of engines, Honda has designed an agile four-stroke engine that is foundation of all Honda motor hoes, offering stable and reliable power with reduced and cleaner emissions.

Honda F560K7 working in compressed soil is no easy task, but the engines of the versatile Honda F560K7 rotary hoes are up to challenge. They deliver high torque at low revs to penetrate even the most difficult terrain.

More gears increase flexibility & power. That's why versatile Honda F560K7 is equipped with six forward & two reverse gears. It transfers ideal torque to operate the machine, leaving operator free to choose speed that best suits his working pace & terrain conditions.

CUTTERS NOT INCLUDED

When using a Honda F560K7 motor hoes, it is often necessary to reverse direction of travel of machine. Side clutch is able to interrupt the transmission on right or left milling machine, making it easier to change direction.

If you need a little extra strength to plough through a particularly hard & compact soil, simply reverse handlebar 180° & you're done. So you don't even have to make effort to turn the car.

The handlebar of Honda F560K7 can be set to swing left or right, avoiding compressing cultivated land with your own steps.

It provides a firm grip on Honda F560K7 motorhoe while it works & moves on the ground. Its operation is also more comfortable & safer, as it keeps you at a distance from moving cutters.

What will impress you first & foremost is quality of finish. This is mainly due to the engine, transmission unit and a strong clutch that direct power where it is needed, i.e. in depth.

If you're looking for a machine with other features then you can see our entire motor hoes catalogue.

Honda F560K7

Product features:

Fuel: Gasoline

Engine: Honda GX160, 4 tempi

Engine rpm (rpm): 3600

Ignition: Recoil

Starting system: Manual

Engine capacity (cm³): 163

Oil capacity (L): 0.6

Working width (mm): 900

Transmission: Constant Gear

Net power (kW): 3.6

Maximum torque: 10.3 Nm / 1.05 kgfm / 2500 rpm

Fuel tank capacity (L): 2.2

Acoustic power: 97 dB(A)

Acoustic pressure: 81 dB(A)

Length (mm): 1610

Width (mm): 610

Height (mm): 990

Dry weight (Kg): 53

Self propelled: Yes

Speeds: 6 Forward + 2 Reverse

Max tilling depth (mm) : 330

Engine manufacturer: Honda
