Product description:

Ride-on Lawnmower HONDA HF 2417 HME

HONDA HF 2417 HME lawn mower tractor designed with a new type of engine, more docile, fluid and easy to drive. Beautifully finished, HONDA HF 2417 HME lawn mower is built to give you a beautiful lawn. This sturdy mower is suitable for large lawns and gardens and offers a precise cut with 102 cm blades, hydrostatic control and 300 litre grass catcher bag.

Performance so enjoyable you won't want to stop

HONDA HF 2417 HME lawn mower does everything possible to meet your needs because we know that mowing the lawn is not a job, it's a passion. HONDA HF 2417 HME lawn mower is robustly built with durability and strength in mind. Together with hydrostatically controlled transmissions for smooth and precise control, you'll care for your garden in the easiest and most pleasant way.

Maximum control

Comfort is at your fingertips on HONDA HF 2417 HME lawn mower with new ergonomically designed steering wheel. HONDA HF 2417 HME mower also features a steering knob that allows you to quickly turn steering wheel to operate & manoeuvre near trees & bushes.

Stay charged

Does your phone need charging? No problem when working with a HONDA HF 2417 HME lawn mower. Just plug it in and place the device in the convenient holder to charge it while you take care of your lawn.

First class comfort

Particular care & attention to detail has been paid to design of the seat, which is now most comfortable ever. The material is durable and soft to touch and this new design features folding

armrests which further increases the comfort level of HONDA HF 2417 HME.

A secure pocket

Practicality is one of strengths of HONDA HF 2417 HME. This simple & practical accessory allows you to keep your mobile phone always at hand & avoid the risk of it accidentally falling while you are working.

Fluid performance

Optiflow® is the unique airflow management system created by HONDA that offers superior collection performance with no more clogging of collection duct. Versamow® is also present, a system that allows selective mulching. It allows mulching while mowing the grass, helping to create a natural fertilizer for a healthier lawn.

Built to last

Anti-corrosion paint adds an elegant finish to the sturdy steel cutting deck to give HONDA HF 2417 HME a more pleasant appearance for longer.
