## **Product description:**

Ride-on Lawnmower HONDA HF 2417 HTE

HONDA HF 2417 HTE lawn tractor designed and engineered with a new type of GCV530 engine even more docile, fluid that makes this lawn tractor easy to drive. Beautifully finished, HONDA HF 2417 HTE lawn mower is built to give you a beautiful lawn for every occasion. This sturdy mower is perfect for mowing and trimming large lawns and gardens. HONDA HF 2417 HTE offers precise mowing with 102 cm blades & hydrostatic control. Enjoy the comfort of your seat while emptying the large 300 litre grass catcher bag with a single touch thanks to electric grass discharge system.

## **Performance so enjoyable you won't want to stop**

HONDA HF 2417 HTE lawn mower does everything possible to meet your needs because we know that mowing the lawn is not a job, it's a passion. HONDA HF 2417 HTE lawn mower is robustly built with durability & strength in mind. Together with hydrostatically controlled transmissions for smooth & precise control, you'll care for your garden in the easiest & most pleasant way.

## **Maximum control**

Comfort is at your fingertips on HONDA HF 2417 HTE with the new ergonomically designed steering wheel. HONDA HF 2417 HTE mower also features a steering knob that allows you to quickly turn steering wheel to operate & manoeuvre near trees & bushes.

## **Stay charged**

Does your phone need charging? No problem when working with a HONDA HF 2417 HTE lawn mower. Just plug it in & place device in the convenient holder to charge it while you take care of your lawn.

## **First class comfort**

Particular care & attention to detail has been paid to design of seat, which is now most

comfortable ever. Material is durable & soft to touch & this new design features folding armrests which further increases comfort level of HONDA HF 2417 HTE .

### **A secure pocket**

Practicality is one of strengths of HONDA HF 2417 HTE lawn mower. This simple & practical accessory allows you to keep your mobile phone always at hand and avoid the risk of it accidentally falling while you are working.

### **Fluid performance**

Optiflow® is unique airflow management system created by HONDA that offers superior collection performance with no more clogging of the collection duct. Versamow® is also present, a system that allows selective mulching. It allows mulching while mowing the grass, helping to create a natural fertilizer for a healthier lawn.

### **Lightening the load**

The mower has an electronically operated collection bag that automatically releases the cut grass at once. Thus, you no longer need to move from driver's seat to empty collection bag.

### **Built to last**

Anti-corrosion paint adds an elegant finish to sturdy steel cutting deck to give HONDA HF 2417 HTE a more pleasant appearance for longer.
