Product description:

HONDA UMK 450 UE

HONDA UMK 450 UE brushcutter with U-handle and extra comfortable harness. HONDA UMK 450 UE Brushcutter is designed to be practical yet powerful & reliable, ensuring constant power and torque even under demanding conditions. HONDA UMK 450 UE brushcutter can do any job you expect. There are no areas that an intricate undergrowth can hide. With the extremely robust and reliable 4-stroke garden brushcutter HONDA UMK 450 UE, you can go where no other brushcutter can go. If you want to work in maximum comfort, the comfortable U-shaped harness will fit perfectly behind you thanks to five different settings that ensure maximum grip. It also has leg protection and a quick-release hook for added safety.

A brief overview of Honda products

Right from the start, the HONDA UMK 450 UE brushcutter is extremely handy. They can handle any type of job, no matter how long or demanding, with choice of two powerful 4-stroke engines, they are ready for any challenge.

Handlebar grip

These HONDA UMK 450 brushcutters come standard with a comfortable harness, a nylon head for beat-and-go & a heavy-duty three-point blade. The adjustable handlebar provides better and safer grip when mowing unwanted vegetation.

Ring handle

The ring handle brushcutters come standard with the comfortable harness, a nylon head for swing & go and a heavy-duty 3-point blade. They are perfectly balanced and provide sensitive control when pruning or edging.

Curved shaft brushcutter

This brushcutter is equipped with nylon head beat & go. Extremely low weight and balanced proportions make it easy to control the unit while you work, so it will be much easier to reach even

the most difficult places.
