Product description:

Honda HRG 466XB Cordless Lawnmower

The Honda HRG 466XB Cordless lawnmower is a single speed self-propelled lawnmower equipped with a large 50 litre grass catcher bag and a large 46 cm steel cutting deck.

Powered by a powerful 1.8 kW brushless motor and equipped with a new cordless battery technology, the Honda HRG 466XB Cordless lawnmower izy-ON mower sets the standard for cordless lawnmowers.

Robust and durable thanks to its aluminium frame and deck, the izy-ON mower has a single speed that allows excellent pushing power. In addition, being lightweight, it allows excellent manoeuvrability even in tight spaces.

Built to reduce maintenance, it includes a high airflow collection bag to maximize collection, flexible deck height adjustment and Versamow™ selective mulching, so it can be adapted to the needs of every gardener.

The Honda HRG 466XB Cordless lawnmower is IP54 certified for weather resistance, allows you to cut wet grass safely and can work even in the rain.

The Honda HRG 466XB Cordless lawnmower izy-ON lawn mower provides the power and durability that the most demanding gardeners need. Honda's new range of battery-powered lawn mowers are equipped with useful technologies such as the Honda Versamow™ self-propelled transmission and selective mulching, allowing you to choose between grass harvesting or mulching.

The Honda HRG 466XB Cordless izy-ON lawn mower works with Honda's universal battery system, which means unrivalled performance all day long. It can handle areas up to 450 m² with a single charge, so you can safely mow even the largest lawns.

And with the fast charger you can charge in minutes.

Technical features of the Honda HRG 466XB lawnmower:
