Product description:

DOMETIC SINEPOWER DSP 3524T PURE SINE WAVE INVERTER, 3,500 W, 24 V

Designed to transform the 24 V battery voltage into pure 230 V AC, this comfort sinusoidal inverter ensures reliable operation of electrical devices up to 3,500 W with the vehicle battery. Highlights of this top-of-the-range product: Priority circuit on the mains current, energy-saving standby mode, elegant control panel for practical use and a perfect overview.

- Pure sine wave output voltage 230 V AC, compatible with sensitive electronic devices
- New smart standby saves power when the device is not in use
- New user interface for easy operation and control
- CI-Bus compatible, easy to insert into the vehicle grid
- Integrated priority circuit with voltage synchronization
- Wide range of DC input voltages, ideal for vehicles with EURO 6 standard emissions

Image and technical data are not binding.

Product features:

- Frequency (Hz): 50
- Protection degree: IP21
- Output voltage (V): 230
- Length (mm): 496
- Width (mm): 283
- Height (mm): 128
- Dry weight (Kg): 11
- Input voltage (V): 12

Kind of wave: Pure Sine

Continuous power (W): 3500
