Product description:

DOMETIC SINEPOWER DSP224 INVERTER 150 W

DOMETIC SINEPOWER DSP224 is an inverter designed to transform the 24 V battery voltage into pure 230 V alternating current.

Some appliances are very sensitive to abrupt voltage variations: electric toothbrushes, laptops, TVs or DVD players require pure 230 V alternating current, like that of home sockets. Exactly what your DOMETIC SINEPOWER DSP224 pure sine wave provides. This sine wave inverter ensures reliable and safe operation of low power devices up to 150 W with the vehicle battery. DOMETIC SINEPOWER DSP224 is a high quality, innovative and versatile, safe and reliable sine wave inverter with many functions and comfort will make you feel at home. The units up to 150 watts are lightweight and compact, easy to use and transport. DOMETIC SINEPOWER DSP212 inverters offer everything you can expect from a pro unit.

Integrated protection circuits prevent damage from overload, overheating, over and undervoltage. In the event of an overload, the inverter shuts down to prevent damage and automatically reactivates when back to normal. Another advantage is the low noise fan that adapts to the load and temperature conditions. Thanks to its wide input voltage range, the DOMETIC SINEPOWER DSP224 sine wave inverter also works well in modern vehicles with intelligent alternators.

TECHNICAL CHARACTERISTICS DOMETIC SINEPOWER INVERTER DSP224

Depth: 187.5 mm

Height: 50 mm

Width: 126 mm

Weight: 1.10kg

Input voltage (direct current): 24 V

Output voltage: 230 V

Standby power consumption 9.00 W

Absorbed current - Zero load 0.4 A
Energy efficiency ?90 %
Continuous power at 25 °C: 150.00 W
Min. operating temperature: 0.00 °C
Max working temperature: 50.00 °C

TECHNICAL FEATURES DOMETIC SINEPOWER INVERTER DSP212

Depth: 187.5 mm
Height: 50 mm
Width: 126 mm
Weight: 1.10kg
Input voltage (direct current): 12 V
Output voltage: 230 V
Output current: 0.6 A
Energy efficiency ?90 %
Continuous power at 25 °C: 150.00 W
Min. operating temperature: 0.00 °C
Max working temperature: 50.00 °C

Are you looking for a product with different characteristics? [HERE](#) you can find the entire DOMETIC range and other specialized brands.

Images and technical data are not binding and subject to change by the manufacturer.

Product features:

Frequency (Hz): 50
Protection degree: IP20
Output voltage (V): 230
Length (mm): 126
Width (mm): 187.50
Height (mm): 50
Input voltage (V): 24
Kind of wave: Pure Sinusoidal
Continuous power (W): 150
Weight (Kg): 1.1
