Product description:

TELECO FLATSAT EASY SKEW BT SMART90

TELECO FLATSAT EASY SKEW BT SMART90 is an Automatic HD Satellite Antenna with 16 Satellites in Memory. Equipped with a DVB-S2 Control Unit with OLED graphic display and 2 keys to start the satellite search or to lower the disc.

TELECO FLATSAT EASY SKEW BT SMART90 can also be controlled, via Bluetooth, from your Smartphone through the TELECO App. Alternatively you can use the wall control panel with only 2 keys, with Graphic Display. The control unit is also equipped with a CI Bus port. By changing channels with the TV remote control, the antenna automatically points to the satellite transmitting the selected channel.

TELECO FLATSAT EASY SKEW BT SMART90 can also be conveniently controlled via Bluetooth, from your Smartphone via the completely free TELECO App and downloadable from the App Store or Google Play. The control unit is also equipped with a CI Bus port. All software updates, when made available on the TELECO App, can be loaded directly by the user via Bluetooth from your Smartphone. Security system with automatic closing of the antenna when starting the vehicle.

TELECO FLATSAT EASY SKEW BT SMART90 is equipped with an automatic satellite aiming system with super precise adjustment of the optimal reception angle of the LNB via a built-in GPS module. In fact, while in the center of the Footprint you have optimal reception with the LNB positioned horizontally, moving towards the southeast or southwest extremes of the Mediterranean area (e.g. Turkey-Morocco), to get the maximum signal with other antennas you have to climb on the roof of the motorhome and turn the LNB counterclockwise or clockwise.

TELECO FLATSAT EASY SKEW BT SMART90 allows you to improve reception in these areas. Through the SKEW GPS module 'knows' exactly its position and then rotates the LNB AUTOMATICALLY to the position of MAXIMUM signal reception. Without you doing anything at all.

TECHNICAL FEATURES Satellite antenna TELECO FLATSAT EASY SKEW BT SMART90

CLOSED DIMENSIONS: 104cm X H 19.5cm

PARABLE DIMENSIONS: 91cm X 85cm

SATELLITES IN MEMORY: 16

Product features:

Diameter (Ø): 85 cm

Length (mm): 400

Width (mm): 850

Height (mm): 900

Type of coupling head: Roof

Product type: Satellite Antenna

Antenna orientation: Automatic

Satellites Number: 16

Weight (Kg): 12.0
