

PORTABLE POWER STATION 1,2 KW INVERTER

Product price:

890,00 € tax excluded

Product description:

PORTABLE POWER STATION 1,2 KW INVERTER

The Portable Power Station battery 1,2 KW is a practical solution to have access, in any situation, to a source of energy without the hassle of carrying fuel and the worry of noise.

Unlike generator sets the Portable Station **does not require fuel** such as gasoline or diesel to power it. The Portable battery can be easily charged via a 26 V / 4,5 A charger or solar power or through your car, RV, truck, etc.

The Portable Power Station 1,2 KW is an excellent product to supply energy also thanks to its reduced size and weight (it only weighs 14 Kg).

Thanks to its compactness it can be easily transported where you need it most.

Another fundamental characteristic of this practical Portable Station is that, as it does not have a motor, **it does not make noise** thus respecting the surrounding environment and lowering noise emissions as well as the fact that it does not require any maintenance to be done.

The portable battery has several output sockets, including AC, USB and DC outlets, offering a variety of options for connecting your devices. In addition, it can be recharged in different modes, including via solar panels, home power outlet or car cigarette lighter socket, offering flexibility and adaptability to different situations and available power sources.

This power station is equipped with a high-quality lithium battery, offering long life and high reliability. In addition, it is equipped with advanced protection features, such as overcharge, short-circuit, and overheat protection, to ensure safe use and prevent damage to connected devices.

TECHNICAL FEATURES PORTABLE BATTERY 1,2 KW:

Certifications: CE, FCC, RoHS, PSE

INPUTS

Wall charge: 26 V - 4.5 A adapter (included)

Solar charging: 18-30 V - 200 W max (not included)

OUTPUTS

N.2 AC outlets: Schuko 1200 W continuous, 2400 W peak

N.2 DC port: 120 W / 12 V

N.1 USB port: 45 W / 20 V

N.1 USB port: 18 W / 12 V

N.2 USB port: 12 W / 5 V

N.1 cigar port: 120 W / 12 V

BATTERY

Capacity: 1100 Wh (300 Ah)

Inverter: 1200 W

Lifespan: +- 500 cycles

Length: 320 mm

Width: 230 mm

Height: 260 mm

Weight: 14 Kg
