

# LARIUS VIKING 2 COL 1:1 ROAD TRACER

## Product description:

### LARIUS VIKING 2 COL 1:1 ROAD TRACKER

LARIUS VIKING 2 COL 1:1 is an airless marker equipped with a Yamaha gasoline engine, capable of delivering a maximum power of 12.75 Hp.

LARIUS VIKING LINER PLUS is a professional airless 2K 1:1 two-component line marker with auto-traction and automatic hatch sequencer, designed and engineered to create road markers on winding roads with unevenness that would otherwise be difficult to overcome. The internal combustion engine, mounted on board the trolley, drives the pump and the alternator used to charge the battery pack, while the movement of the trolley is by push.

Airless technology involves the highpressure spraying of paint through a centimeter-sized nozzle as opposed to traditional lowpressure spraying where the paint stream is atomized through the addition of air.

LARIUS VIKING 2 COL 1:1 allows the marking and maintenance of all types of stripes on highways, freeways, crosswalks, parking lots, squares and all other marking requirements. Airless operation striping has many proven benefits over strippers with pressurized tanks that are obsolete compared to airless technology.

The paint dries quickly and with one pass the line is uniformly defined. LARIUS VIKING 2 COL 1:1 requires the use of filtered paint specifically for airless applications, which in itself means homogeneous paint with a smooth, uniform consistency that will not crust or become gelatinous or thick.

Each model comes complete with:

- Filter with pressure gauge;
- 2 high pressure hoses Ø 1/4" M16x1.5 of 7.5 m;
- 2 LA96 2K external mixing guns;

- Single pneumatic perlinator kit
- Case with tools

#### TECHNICAL FEATURES LARIUS VIKING 2 COL 1:1

Max flow rate: 3 x 2 l/m  
Max pressure: 220 bar  
External mixing gun: N°1 LA96 2K  
Feeding: Gasoline  
Engine power: 7 Kw - 12.75 Hp  
Engine: Yamaha  
Colors: 2  
Applications: Average road maintenance marking work  
Multipurpose: standard sprayer  
Front drawbar with swivel and locking wheel  
Sound pressure level: 70 dB (A)  
Length: 2150 mm  
Height: 1750 mm  
Width: 1150 mm  
Dry weight: 350 Kg

#### **Product features:**

Fuel: Gasoline  
Engine: Yamaha  
Power (KW): 7  
Maximum output capacity (Lt/min): 7  
Pressure (bars): 220  
Acoustic pressure: 70 dB(A)  
Length (mm): 2150  
Width (mm):  
Height (mm): 1750  
Dry weight (Kg): 350
