Product description:

FINI BIG PIONEER VKM320M OILLESS COAXIAL COMPRESSOR 3HP

FINI BIG PIONEER VKM320M is a compressor with a capacity of 24 l and a maximum pressure of 10 bar by means of a VKM320M pump with a power of 2.2KW.

Finis's silenced compressors are composed of powerful pumping units that guarantee very high efficiency and reliability at the highest levels.

FINI BIG PIONEER VKM320M is equipped with an oilless pumping unit with a low speed motor that is extremely silent, maintenance-free and environmentally friendly, protected by a solid steel structure that facilitates handling.

FINI BIG PIONEER is easily transportable thanks to its compact and lightweight size, which allows you to use the FINI PIONEER as an emergency compressor.

The duration and efficiency of the pumping group is largely determined by the number of revolutions per minute of the head. The lower the number of revolutions, the longer the life of the compressor will be. The multiplication of the number of revolutions is achieved by means of pulleys of different diameters applied to the motor and the head respectively.

With the oilless compressor, there is no risk of staining anything, nor is there any risk of polluting the air, precisely because no oil needs to be put in.

You are also more relaxed when transporting the compressor by car, for example, as there is no danger that the compressor will leak oil when upside down and risk serious accidents.

FINI BIG PIONEER is the reference point for hobbyists who want a reliable, silent, light and performing machine.

It has a large compressed air storage tank of 24 liters. It weighs 44 kg and can be easily transported thanks to its wheels and top handle.

TECHNICAL FEATURES FINI BIG PIONEER VKM320M

Voltage:230V

Frequency: 50Hz

Pump: VKM320

Capacity tank: 24 l

RPM: 1420 RPM

Power: 2.2 KW - 3 HP

Air output: 320 Lt/min - 11.3 cfm

Pressure: 10 bar - 145 psi

Length: 510 mm

Width: 615 mm

Height: 720 mm

Weight: 44 Kg

If you are looking for another product then you can see on our catalog other compressors FINI or other specialized brand.

Product features:

Frequency (Hz): 50

Voltage (V): 230

Engine rpm (rpm): 1420

Power (KW): 2.2

Pump type: VKM320

Pressure (bars): 10

Tank capacity (L): 24

Air output (L/min): 320

Mechanical power (hp): 3

Length (mm): 510

Width (mm): 615

Height (mm): 720

Dry weight (Kg): 44
