Product description:

Super-silenced 11 KW vehicular generator

Single-phase vehicular generator of 16 KW with Lombardini engine powered by diesel of 3000 rpm with soundproof capsule and **supersilenced**. The single phase vehicular generator has an electric start.

The alternator of the single phase vehicular generator is synchronous, brushless and water cooled (in stainless steel AISI 316 L jacket). The vehicular generator thanks to its casing is very silent in fact it has acoustic emissions of only 56 dB (A). Designed with high quality components it has a low fuel consumption: only 0.35 Lt/KW/h. The engine cooling pump is an electric pump.

Remote control and control of single-phase vehicular generator with:

- Hour meter
- Load indicator
- Automatic stop for low oil pressure and water over-temperature
- Starter motor release
- Quick connector and 15 meters of cable

Technical features:

Single-phase continuous use power: 16 KW

Fuel: Diesel

Voltage: 230 V

Frequency: 50 Hz

Motor: Lombardini LDW1404

Starting: Electric

Consumption: 0.35 Lt/KW/h

Length: 1070 mm

Width: 580 mm

Height: 650 mm

Weight: 290 Kg

From 4 KW and up, the vehicular gensets in this range are the quietest, **compact** and **lightweight** for the same performance. These vehicle gensets are the quietest, plus vibrations are kept to a minimum, making gensets like this **always competitive** in the marketplace.

If you are looking for a product similar to the vehicle generator, we recommend that you browse our extensive catalog of vehicle generators. So you can find the product that best suits your needs and perfect for your vehicle.

Product features:

Phase: Single phase

Continuous power single phase (KW): 16

Continuous power single phase (KVA): 18

Fuel: Diesel

Frequency (Hz): 50

Voltage (V): 230

Engine: Lombardini LDW1404

Engine rpm (rpm): 3000

Starting system: Electric

Number cylinders: 4

Cooling: Water

Alternator: Synchronous, brushless

Consumption (L/h): 0.35

Acoustic pressure: 56 dB(A) at 7 m

Length (mm): 1070

Width (mm): 580

Height (mm): 650

Dry weight (Kg): 290

Silenced: Yes

Super silenced: No

Product type: Generator

ATS Switch device : No

Voltage regulator: No

Engine manufacturer: Lombardini
