Product description:

VITRIFRIGO C75L FRIDGE-FREEZER WITH COMPRESSOR

VITRIFRIGO C75L is a refrigerator with a total capacity of 75 litres, complete with freezer compartment and Steelock OCX2 locking system.

VITRIFRIGO C75L covers all needs in terms of space and capacity.

Designed to transform the refrigerator into an elegant piece of furniture, it expresses a sober and refined style.

The VITRIFRIGO C75L offers large storage volumes of up to 75 litres maximum and remarkable ease of access at every point.

Internal space can be optimally utilised thanks to easily removable baskets.

VITRIFRIGO C75L is equipped with a square closing door.

With a single fixing profile it is possible to position the refrigerator in both door outside and door inside versions

by simply moving the profile itself, which also has a concealed slot that optimises perimeter ventilation.

In the upper top of the VITRIFRIGO C75L there is an element that allows the 'Vent Position' to be adopted,

i.e. the possibility of leaving the door ajar when not in use, thus avoiding the formation of mould and unpleasant odours.

Technical Characteristics VITRIFRIGO C75L:

Total capacity 75 litres

Freezer capacity 10.2 litres

Net weight Kg. 20

Power supply 12/24Vdc (also available with bivalent unit 12/24Vdc - 100-240Vac 50/60Hz)

Nominal consumption 40W

Width mm. 470

Height mm. 622

Depth mm. 460

Panel colour black/grey

Also available in "fridge only" version (without freezer compartment) yes (C75L version only)

Reversible door yes

The brushed stainless steel used to make the VITRIFRIGO C75L refrigerator is stain-resistant and easy to clean.

The Airlock closing system guarantees an airtight closure of the door, preventing the dispersion of cold and the formation of mould and unpleasant odours. This keeps food fresh and tasty for several days.
