## Product description:

### HONDA TENDER T32 IE3

HONDA TENDER T32 IE3 is an inflatable V-keel dinghy that can be equipped with Honda outboard motor; this dinghy can be paired with an outboard for a maximum power of 15 hp.

HONDA T32 IE3 is a portable, lightweight inflatable boat and is perfect for coastal exploration, fishing or simply offshore excursions. With a new bow roller design, a high-quality durable PVC body, and larger diameter tubulars for smoother sailing, the new range of **Honwave Tenderers** is perfect for lake or sea excursions.

With a Honda outboard, it will be even easier to go to sea thanks to the T32 IE3 tender. This is because the tender's larger diameter tubulars ensure excellent flotation and **stability**.

Honda offers different types of inflatable boats and tenders, and each of them has a different length and is suitable for different outboards and number of passengers. For example, the Honda T32 IE3 tender has an overall length of 320 cm and can carry up to 4 adults. HONDA T32 IE3 with V-shaped inflatable hull gives you performance and agility. Vibration-dampening decks help soften the ride, and the deep-V hull ensures the best possible stability at any speed.

HONDA T32 IE3 are designed to withstand whatever they may encounter on the open sea. HONDA TENDER T32 IE3 is **made from high quality European PVC** - simply the best available - which makes this tender not only durable but also lightweight.

In addition to being made of European PVC, Honda inflatable boats also have a thick planking around the entire boat. This not only acts as a bumper to protect the tubes from puncturing, but its curved shape deflects water jets.

The KIT HONDA TENDER T32 IE3 INCLUDES:

- Carry bag
- Puncture repair kit
- Pressure gauge
- Oars
- Foot pump
- Boat bench

**Technical Specifications HONDA TENDER T32 IE3:**

Total Length: 3200 mm

Maximum Beam: 1540 mm

Interior Length: 2290 mm

Interior Beam: 670 mm
