Product description:

MASE VS15,6 DV MARINE GENERATOR DUAL VOLTAGE 15KW

Generator marine DUAL VOLTAGE MASE VS15,6 equipped with a Kubota D1105-E4 engine with Diesel power supply and variable speed regulation, capable of delivering a power of 15KW.

The MASE VS15,6 DV marine generator is designed with a soundproof cabin that makes it **supersilenced**. The marine generator is built with Kubota diesel-powered engine and permanent magnet alternator with air/water cooling. With its small size, it is also suitable on small boats.

The MASE VS15,6 CBU control module has a new design, the latest technology, a large display and micro-buttons for quick navigation of menus, start and stop procedures; IP54 protection rating. MASTER CBU 93x93mm (3.66x3.66 in) very compact module, with multiple functions for complete monitoring of the marine generator MASE VS15,6:

- ON/OFF/START/STOP/MENU controls.
- Digital hour meter, Output voltage, Group battery voltage, External battery pack voltage, Frequency, Maintenance interval, Last 10 alarms list with time.
- 13 different alarm icons can be displayed.
- 485 Mod-Bus connector to monitor the group from the main control panel of the boat.

The sound-proof cabin of the MASE generator has been realized with painted marine aluminum panels, combining an innovative design with a very high resistance to external agents. Thanks to its structure, a low weight and an excellent accessibility to the internal compartment are guaranteed, making maintenance operations easy, even with installations carried out in narrow spaces.

TECHNICAL FEATURES MARINE GENERATOR MASE VS15,6 DV

Phase Type: Single Phase
Power continuous use: 15 KW
Fuel: Diesel
Voltage: 230 V / 240 V
Frequency: 50/60 Hz
Engine: Kubota D1105-E4
Mechanical power: 24.8 Hp
Number of cylinders: 3
Displacement: 1123 cc
Speed regulator: Electric with actuator
Engine revs: 2100 ÷ 3150 rpm
Acoustic power: 56 dBA @ 7 m
Length: 800 mm
Width: 514 mm
Height: 647 mm
Weight: 235 Kg

Product features:

Phase: Single phase
Continuous power single phase (KW): 15
Fuel: Diesel
Frequency (Hz): 50 / 60
Voltage (V): 230 / 240
Engine: KUBOTA D1105-E
Engine rpm (rpm): 2100 ÷ 3150
Speed governor: Electronic
Engine capacity (cm³): 1123
Number cylinders: 3
Oil capacity (L): 5.1
Cooling: Air / water (Intercooler W/A)
Inyección : Indirect
Alternator: Permanent magnets

Bore x stroke (mm): 78 x 78.4
Lubrication: Forced
Acoustic pressure: 54 dB(A) at 7 m
Length (mm): 800
Width (mm): 514
Height (mm): 648
Dry weight (Kg): 235
Silenced: Yes
Super silenced: Yes
Product type: Generator
Voltage regulator: No
Engine manufacturer: Kubota
