Product description:

WHISPER PICCOLO10 MARINE

WHISPER PICCOLO10 MARINE GENERATOR single-phase 10 KVA with variable speed motor from 2200 rpm to 2800 rpm. The WHISPER PICCOLO10 MARINE is designed with a soundproof cabin that makes it super-silenced. The WHISPER PICCOLO10 MARINE is built with a Kubota D722 diesel engine. With its compact size and low weight, the WHISPER PICCOLO10 MARINE is suitable for installation on various types of boats.

WHISPER PICCOLO10 MARINE generator always guarantee an abundant power supply on board, for air conditioners, household appliances or work equipment. The WHISPER generators equipped with variable speed technology, save fuel and are low-noise.

Main features of WHISPER PICCOLO10 MARINE:

Phase type: Single-phase

Single-phase continuous power: 10 KVA

Single-phase continuous power: 8 KW

Frequency: 50 Hz

Voltage: 230 V

Engine speed: 2200-2800 rpm

Displacement: 719

Cooling: Water

Acoustic pressure: 51 dB(A) at 7 m

Length: 740 mm

Width: 550 mm

Height: 622 mm

Dry weight: 175 kg

- The WHISPER MARINE GENERATOR PICCOLO10 is one of the quietest and most compact vehicle generators on the market!

- WHISPER PICCOLO10 3-cylinder permanent magnet generator with PMG outer casing (power

module)

- 10 kVA (8 kW) continuous 230 V power from the programmable speed generator system
- High efficiency and high peak power
- Exceptional voltage stability and pure sine wave
- Fuel savings and guaranteed smooth operation of your generator set
- Genverter Power, the best choice for your energy supply
- EPA /Tier 4 (US standard) and Stage V certified
- Can be used in parallel with TWIN power solution

The WHISPER PICCOLO10 is a versatile, high quality, perfect for a wide range of applications. Its ultra-quiet operation, variable speed motor, super-silenced enclosure, compact size, lightweight design, reliability, and durability make it an excellent choice for boat and yacht owners who need reliable power on board.

If you are looking for a generator set or generator like the WHISPER PICCOLO10 MARINE then you can browse the entire catalogue of marine generators suitable for various types of vessels.

Product features:

Phase: Single phase

Continuous power single phase (KW): 8

Continuous power single phase (KVA): 10

Fuel: Diesel

Frequency (Hz): 50

Voltage (V): 230

Engine: Kubota D722

Engine rpm (rpm): 2300 - 3100

Engine capacity (cm³): 719

Number cylinders: 3

Cooling: Water

Length (mm): 740

Width (mm): 550

Height (mm): 622

Dry weight (Kg): 175

Silenced: Yes

Super silenced: Yes

Product type: Generator

Engine manufacturer: Kubota
