Product description:

GENERAC DF MINI DUO ASB DUST FIGHTER DUST FIGHTING SYSTEM

GENERAC Dust Fighter DF MINI DUO ASB is a portable dust suppression system with two satellite heads capable of spraying water mist up to 8 meters each.

GENERAC DF MINI DUO ASB has been specifically designed for use in asbestos removal work, as the absence of a fan allows the operator to abate the asbestos dust without moving it in the air, and the main unit and satellites are free of protrusions, so that the machine can be easily washed to safely remove any residual asbestos dust

GENERAC DF MINI is supplied complete with:

- Main unit with pump and 70 liters stainless steel water tank
- 2 satellites with spray heads
- 3 types of interchangeable nozzles for different covers
- Wheels and handles for transport
- High pressure pump
- Low water level signal
- Foldable for easy transport
- Manually adjustable nozzle spray angle
