Product description:

RENTAL PORTABLE POWER STATION 2 KW INVERTER

Rental Portable Power Station 2 KW is a practical solution to have access, in any situation, to a source of energy without the problem of bringing with them the fuel supply and the concern of noise.

Unlike generator sets or power generators the rental Portable Station **does not require fuel** such as gasoline or diesel to power it. The Rental Power Station can be easily charged via a 25.5 V / 8 A charger or solar power or through your car, RV, truck, etc.

The Rental Portable Station 2 KW is an excellent product for supplying energy thanks to its small size and weight (it weighs only 21.5 kg).

Thanks to its compactness, it can be easily transported to wherever you need it most.

Another fundamental characteristic of this practical battery is that, as it has no motor, it **does not make noise**, thus respecting the environment and lowering noise emissions, as well as the fact that it does not require any maintenance to be carried out.

The rental service

Hiring an industrial air conditioner has never been easier: choose the product you want to rent and FILL OUT THE FORM

TECHNICAL FEATURES RENTAL POWER STATION 2 KW:

Certifications: CE, FCC, RoHS, PSE

INPUT

Wall Charging: 25.5 V - 8 A adapter (included)

Solar Charging: 18-30 V - 300 W max (not included)

OUTPUT

N.2 AC Outlets: Schuko 2000 W continuous, 4000 W peak
N.2 DC Port: 120 W / 12 V
N.1 USB Port: 60 W / 20 V
N.1 USB port: 18 W / 12 V
N.2 USB port: 12 W / 5 V
N.1 cigar port: 120 W / 12 V

BATTERY

Capacity: 2220 Wh (600 Ah)
Inverter: 2000 W
Life span: +- 500 cycles
Length: 320 mm
Width: 230 mm
Height: 320 mm
Weight: 21.5 Kg

Environmental Sustainability : The Rental Battery for Hire is environmentally friendly in that it does not emit harmful gases or generate noise, respecting the surrounding environment. In addition, it does not require expensive maintenance.

Various charging sources : The Rental battery can be recharged from a variety of sources, including a wall charger, solar power or even vehicles, providing flexibility in its use.

Battery rental is a carefully selected and researched product in the market, and renting this product is definitely ideal for you
