SCANGRIP EX-VIEW ATEX EXPLOSION PROOF HEADLAMP 200 LUMEN

SCANGRIP EX-VIEW is an extremely durable and exceptionally lightweight explosion-proof headlamp designed for hazardous locations with a risk of explosion.

The headlamp SCANGRIP EX-VIEW is designed with the latest COB LED technology, providing extremely powerful illumination that maximizes uniform light output and illuminates the entire field of view.

The design is ergonomic for a perfect and comfortable fit, and the braided headband is durable and adjustable. When set to sensor mode, SCANGRIP EX-VIEW turns on/off just by waving a hand in front of the lamp in a double motion, even when wearing thick gloves. As an extra feature, the headlamp can be easily detached from the strap and used as a hand lamp or placed on a magnetic surface for inspection work.

The explosion-proof headlamp SCANGRIP comes complete with a lithium-ion battery that allows an operation of 2.50 h, in addition to increasing versatility, on request the charging cable included in the supply can be replaced with a compatible version for sockets: American, English, Australian and Switzerland.
