Product description:

HONDA MIIMO HRM 3000 GPS DOMOTIC LAWNMOWER

HONDA MIIMO HRM 3000 GPS is a fully programmable robotic lawnmower, allows installation in gardens with a maximum working width of 4000 m².

HONDA MIIMO HRM 3000 GPS is an intelligent robotic lawnmower, perfect for mowing even the smallest lawns, with high performance and extremely easy to set up.

This little robot boasts IPX5 waterproof certification, it can cope with any weather condition, automatically intensifying its action during times when grass grows fastest

The HONDA Miimo domotic lawnmower is completely autonomous and can mow lawns up to 4000 m² without any assistance, a perfect synthesis of innovative and intelligent technologies that cancel the fatigue that requires the maintenance of a lawn always perfect.

A personal security code prevents the use of HONDA Miimo by people who do not know the code, protecting it from the risk of theft. In fact, if it is lifted from the ground, it automatically stops and activates an audible alarm. It will only resume operation when the PIN code is re-entered.

Powered by lithium batteries it is quiet and reliable and can mow your lawn even at night without disturbing you or your neighbors. The HONDA Miimo home automation mower is sturdy enough to work in any weather condition and is safe for pets. The advanced sensors with which it is equipped detect any movement and instantly stop the blades when necessary.

DOMOTIC FUNCTIONS

Through Amazon Alexa, the HONDA Miimo robotic lawnmower can receive voice commands, alert you to its current status and next scheduled mowing, making it easier to achieve the goal of a perfectly manicured lawn.

Thanks to the Smart Timer, the HONDA Miimo HRM 3000 GPS robotic lawnmower can choose the best times to cut the grass based on real-time weather information, thus avoiding cutting the lawn during heavy rain. It can also recognize rapid grass growth during a hot spell and will automatically start mowing.

The dedicated app, with a simple and intuitive interface, allows you to quickly communicate with your HONDA Miimo. You can review and control the HONDA Miimo's program and make any adjustments from anywhere.

TECHNICAL FEATURES HONDA MIIMO HRM 3000 GPS

Working area size: up to 4000 m²

Maximum shaving area tilt: 25° / 47%

Maximum wire tilt on sloping areas: 15° / 27%

Guaranteed noise level: 60 dB(A)

Blade type: 3 (Pivoting blades)

Cutting width: 250 mm

Cutting height adjustment: Electric from 20 to 60 mm

Battery type: Lithium Ion 22. 2 V / 5.4 Ah

Life per charge: 90 min

Recharge time: 45 min

Water resistance: IPX5

Smartphone application: Android and iOS / Web Tracking / Satellite Anti-Theft

Positioning of charging station: Flexible

Length: 710 mm

Width: 550 mm

Height: 301 mm

Weight 13.8 kg

Product features:

Protection degree: IPX5 Waterproof

Acoustic pressure: 60 dB(A)

Length (mm): 710

Width (mm): 550

Height (mm): 301

Product type: Lawnmower

Engine manufacturer: Honda

Weight (Kg): 13.8

Amplitude of work area: up to 4000 m²

Maximum inclination of shaving area: 25° / 47%

Maximum wire inclination on sloping areas: 15° / 27%

Blade type: 3 (Pivoting blades)

Cutting width (mm): 250 mm

Cutting height adjustment: Electric from 20 to 60 mm

Autonomy for each recharge: 90 min

Recharge times: 45 min

Smartphone application: Android and iOS / Web Tracking / Satellite Anti-Theft

Positioning the charging station: Parallel to the perimeter wire
