

VITRIFRIGO FG10 COLD AMBULANCE REFRIGERATOR IN STAINLESS STEEL AISI 304

Product description:

VITRIFRIGO FG10 COLD AMBULANCE REFRIGERATOR IN STAINLESS STEEL AISI 304

VITRIFRIGO FG10 COLD is a medical refrigerator made of AISI 304 stainless steel with a total capacity of 7,5 lt complete with Nautic closing system.

VITRIFRIGO FG10 COLD is equipped with an advanced thermostat that allows the detection and the setting of the temperature, in addition it allows the internal temperature to remain stable at the selected temperature with an error of $+2 / + 8$ °C.

VITRIFRIGO FG10 COLD offers large storage volumes up to 7.5 l maximum and remarkable convenience of access at every point. The internal space can be exploited at best thanks to the presence of the reversible door that allows the user to decide the direction of opening.

VITRIFRIGO FG10 COLD is made entirely of AISI 304 stainless steel to maintain the highest standards of hygiene.

TECHNICAL FEATURES VITRIFRIGO FG10 COLD

Total capacity: 7.5 l

Power supply: 12VDC

Consumption: 53W

Internal temperature range: $+2 + 8$ °C

Thermostat: electronic

Material: AISI 304 stainless steel

Gasket: magnetic

Closure: Snaped

Reversible door:
Width: 269 mm
Height: 524 mm
Depth: 267 mm
Dry weight: 12 kg

Looking for a cockpit refrigerator with different technical characteristics? [HERE](#) you can find the entire range VITRIFRIGO or other specialized brands.

Images and technical data are not binding and may be subject to revisions by the manufacturer.

Product features:

Input power (W): 12 Vdc
Length (mm): 269
Width (mm): 267
Height (mm): 524
Dry weight (Kg): 12
Power consumption (W): 53
Product type: Medical refrigerator
Colour: Stainless steel
Capacity of the refrigerator (L): 7.5
Full load consumption (230 V AC) (W): 53 W - 12 VDC
