Product description:

SCANGRIP SITE LIGHT 80 LED SITE LAMP 630W

SCANGRIP SITE LIGHT 80 LED lamp for construction sites compact that offers extremely high performance and exceptional flexibility, ideal for lighting large surfaces.

Based on the latest state-of-the-art LED technology, the SCANGRIP SITE LIGHT 80 lamp provides up to 8 **0.000 lumens** and a wide beam angle of 120 °, ensuring the highest quality lighting on large work areas.

The SCANGRIP SITE LIGHT 80 lamp comes with dimmer function and BLUETOOTH light control that allow you to turn the work light on and off and to adjust the light remotely via your smartphone.

When the work light is mounted on a pole, this feature reduces energy consumption every day, as you only use the amount of light needed to do the job.

The work light is designed with a built-in handle for easy carrying and **mounting on tripods and masts** .

With a weight of only 6.7 kg, the SCANGRIP SITE LIGHT 80 lamp is very compact and lighter than other solutions present on the market, which makes work assembly light, more convenient and safer.

As an accessory we offer a double bracket for positioning two SITE LIGHT 80 lamps.

The SCANGRIP SITE lamp LIGHT 80 is completely **impermeable to water and dust** (IP65) and tolerates all types of climatic conditions from -25 ° to + 40 ° C.

Equipped with high quality components and active cooling, SCANGRIP SITE LIGHT 80 has a long life span and maintains a high level of performance throughout the day.

The SCANGRIP SITE LIGHT 80 lamp is produced in Denmark and illuminates the construction

site according to current legislation.

Standard EN12464-2.

Including DIN14640 connection adapter with bracket for mounting on tripod .

TECHNICAL SHEET SCANGRIP SITE LIGHT 80

Lamp type: LED

Number of LEDs: 864 SMD LEDs

LED performance: 189 lm / W

Power settings: 80000 lm / 60000 lm / 40000 lm / 20000 lm

Angle of the light beam: 120 °

Length and type of cable: 10 Mt. - 3x1 mm² H07RN-F

Absorption: 630 W

Min / max operating temperatures: -25 ° to + 40 ° C

Protection class: IP65

Shock protection: IK08

Length: 415 mm

Width: 241 mm

Height: 160 mm

Weight: 6.7 Kg
