Product description:

TELAIR PPS 1000 LITHIUM PORTABLE BATTERY 1 KW INVERTER

The TELAIR PPS 1000 Portable Battery is a convenient and versatile solution for having a reliable power source anytime and anywhere, without the need to carry fuel or worry about noise.

Unlike traditional generators, this portable battery TELAIR doesn't require fuels like gasoline or diesel. It can be easily recharged using a 26 V / 4.5 A adapter charger, solar energy, or by using the electrical system of vehicles like cars, campers, trucks, and more.

With a power output of 1 kW, the TELAIR PPS 1000 is ideal for powering a wide range of electronic devices such as laptops, smartphones, tablets, lamps, and small appliances. It includes an AC outlet that allows direct connection of devices requiring alternating current.

Its lithium technology offers several benefits, including reduced weight, longer battery life, and high energy efficiency, making it perfect for camping, travel, outdoor activities, and emergency situations.

The TELAIR PPS 1000 Portable Battery is especially valued for its compact size and weight of only 11 kg, which makes it easy to transport. Furthermore, thanks to its engine-free design, it operates silently, respecting the surrounding environment and reducing noise impact. It requires no maintenance, making it a practical and reliable choice.
