Product description:

WHISPER PICCOLO M-GV5 SINGLE-PHASE MARINE GENERATOR 4,4KVA INVERTER STAGE V

WHISPER PICCOLO M-GV5 Single-phase marine generator with diesel-powered WhisperPower WP1 StageV engine, delivering 4,4KVA of power, **complete with INVERTER voltage regulator**.

The WHISPER PICCOLO M-GV5 marine generator is designed with a soundproofing cabin that makes it **supersilent**. The excellent accessibility to the internal compartment makes maintenance operations easier, even with the generator set installed in confined spaces.

Thanks to the electrical stabilizer of the Inverter technology that works with very low distortion, WHISPER PICCOLO M-GV5 delivers constant current loads without voltage peaks that could damage electrical and electronic devices. A further advantage of the inverter is that it works with variable motor revolutions, based on the need for the current to be supplied, optimizing fuel consumption, gas emissions and wear of the mechanical parts in the best possible way.

Thanks to the electronic output of the PMG inverter, it provides the ideal energy quality for all your comfort equipment such as washing machine, small air conditioning system, electric hob, battery chargers and inverter/charger combinations .

VOLTAGE REGULATOR

WHISPER PICCOLO M-GV5 is equipped with an inverter which, mounted on an alternator, allows a generator set or current generator to stabilize the output voltage and does not damage the connected sensitive electronic devices. In the modern market, inverters have made a huge step forward in terms of technology and performance; for this reason the best brands of generator sets and alternators in the world are moving along this line of thought.

STAGEV EMISSION REGULATIONS

The WHISPER PICCOLO M-GV5 marine generator is equipped with a "mobile" STAGEV engine, as required by European Regulation 2016/1628. These new engines make it possible to exponentially reduce the particulate and nitrogen oxide emissions released by the generator into the environment, and guarantee a 200% reduction in environmental impact compared to standard engines.

Technical characteristics WHISPER PICCOLO M-GV5:

Phase type: Single-phase
Maximum power: 4.4 KVA / 3.5 KW
Continuous power: 3.8 KVA / 3 KW
Fuel: Diesel
Voltage: 230 V
Frequency: 50 Hz
Engine: WhisperPower WP1
Emissions standard: Stage V
Number of cylinders: 1
Displacement: 309 cc
Engine rpm: 2400 / 3600 rpm
Fuel consumption: 1.2 l/h at 100% load
Acoustic power: 54 dBA @ 7 m
Voltage regulator: Inverter
Length x width x height (generator): mm 450 x 470 x 520
Length x width x depth (PMG): mm 436 x 196 x 148
Dry weight (generator + PMG): 68 + 7,6 Kg

Non-binding images and technical data.

Product features:

Phase: Single phase
Maximum power single phase (KW): 3.5
Continuous power single phase (KW): 3
Maximum power single phase (KVA): 4.4
Continuous power single phase (KVA): 3.8
Fuel: Diesel
Frequency (Hz): 50
Voltage (V): 230

Engine: WhisperPower WP1
Emissions Regulations: Stage 5
Engine rpm (rpm): 2400 / 3600
Engine capacity (cm³): 309
Number cylinders: 1
Cooling: With exchanger
Consumption (L/h): 1.2 l/h at 100% load
Acoustic pressure: 54 dB(A) at 7 m
Length (mm): 450
Width (mm): 470
Height (mm): 520
Dry weight (Kg): 68
Silenced: Yes
Super silenced: Yes
Product type: Generator
Voltage regulator: Inverter
Engine manufacturer:
