

VTE PAGURO 20EY Marine Generator Supersilenced AVR 18.5 kVA

Product price:

14.673,00 € tax excluded

Product description:

PAGURO MARINE VTE 20EY SUPERSILENCED 18.5 KVA

PAGURO MARINE VTE 20EY with 1500 rpm diesel-powered, water-cooled Kohler engine with stainless steel water/air heat exchanger.

Features:

- All components are made of 316 L stainless steel to prevent damage from the sea.
- Noise emissions of 49 dB(A) supersilenced by water cooling and dual anti-vibration system.
- Compact and space-saving, suitable for use on medium-sized boats.
- Yanmar 4TNV84T engine, electric start, heat exchanger cooling.
- Brushless synchronous alternator with class H insulation and AVR voltage regulator.
- Dedicated 12 V / 8 A starter battery charger included.
- Reinforced fibreglass capsule with composite layering and high-density sound-absorbing material coating.
- Double anti-vibration system, inside with 4 soft mounts and outside with 4 semi-elastic mounts.

TECHNICAL SPECIFICATIONS PAGURO MARINE GENERATOR VTE 20EY

- Fuel: Diesel
- Rpm: 1500
- Phase: Single Phase
- Continuous single phase output (kVA): 18,5
- Frequency (Hz): 50
- Voltage (V): 230
- Engine: Yanmar 4TNV84T
- Starting system: Electric
- Noise level: Supersilenced 49 dB(A)

Cooling system: Fresh water with heat exchange

Dry weight (Kg): 470

Length (mm): 1120

Width (mm): 630

Height (mm): 770

AVR

PAGURO MARINO VTE 20EY Super-Silent Paguro Marine Generator

The PAGURO MARINO VTE 20EY is a super-silent Paguro marine generator with a 1500 rpm diesel-powered, water-cooled Kohler engine with stainless steel water/air heat exchanger. It is compact and space-saving, making it ideal for use on medium-sized boats.

The PAGURO MARINE VTE 20EY is equipped with a number of features that make it one of the quietest Paguro marine generators on the market, including:

A water-cooled engine

A double vibration-damping system

A reinforced fibreglass capsule with composite layering and high-density soundproofing material coating

The PAGURO MARINE VTE 20EY also features a number of other features that make it a reliable and efficient Paguro marine generator, including:

A Yanmar 4TNV84T engine

An electric starter

Fresh water cooling with heat exchanger

A synchronous, brushless alternator with class H insulation and AVR voltage regulator

A battery charger for the dedicated 12 V / 8 A starter battery

The PAGURO MARINE VTE 20EY Super-Silent Marine Generator is the perfect choice for boaters who want a quiet, reliable, and efficient generator to power their vessel.

Product features:

Phase: Single phase

Continuous power single phase (KW): 18.5

Continuous power single phase (KVA): 18.5

Fuel: Diesel

Frequency (Hz): 50

Voltage (V): 230

Engine: Yanmar 4TNV84T, 4 stroke

Engine rpm (rpm): 1500
Starting system: Electric
Number cylinders: 4
Cooling: Fresh water with heat exchanger
Alternator: Brushless
Acoustic pressure: 49 dB(A)
Length (mm): 1120
Width (mm): 630
Height (mm): 770
Dry weight (Kg): 470
Silenced: Yes
Super silenced: Yes
Product type: Generator
Voltage regulator: AVR
Engine manufacturer: Yanmar
