

WHISPER M-GV4 PICCOLO4 MARINE GENERATOR 4KVA 60 Hz SINGLE-PHASE INVERTER

Product price:

7.924,00 € tax excluded

Product description:

WHISPER M-GV4 PICCOLO4 MARINE GENERATOR 4KVA 60 Hz SINGLE-PHASE INVERTER

WHISPER M-GV4 PICCOLO4 Single-phase marine generator with WhisperPower WP1 diesel engine, delivers 4KVA power, complete with INVERTER voltage regulator.

The WHISPER M-GV4 PICCOLO4 is designed with a soundproof cabin that makes it supersilenced. Excellent accessibility to the interior compartment makes maintenance work easier even with the genset installed in cramped quarters.

The key feature of the WHISPER M-GV4 PICCOLO4 is the quality of output combined with peak power capacity. The Whisper M-GV4 PICCOLO4 has a high-quality inverter system that provides a pure sine wave, eliminating electrical interference that can damage sensitive electronic devices. It also features an automatic motor speed control system, which adjusts speed according to load and reduces fuel consumption.

The WHISPER M-GV4 PICCOLO4 generator comes complete with all the necessary fittings to connect the generator WHISPER M-GV4 PICCOLO4 to the fuel tank, the necessary hoses to connect the engine to the cooling system, the cables to connect the starting motor to the starting battery, and the electrical wiring to connect the Piccolo to the on-board power system.

INTEGRATED PMG MODULE

Devices such as air conditioners and electric motors are often controlled by electronics to improve efficiency and performance. Traditional generators may fail to operate these devices. All

Piccolo models are equipped with a PMG (Power Module Genverter©) module to ensure that the voltage and frequency in the rotational speed range remain perfect so that all equipment continues to operate without interruption.

TECHNICAL FEATURES WHISPER M-GV4 PICCOLO4:

Phase Type: Single Phase
Maximum Power: 4 KVA / 3.5 KW
Continuous Power: 3.5 KVA / 3 KW
Fuel: Diesel
Voltage: 110 - 120 V
Frequency: 60Hz
Motor: WhisperPower WP1
Emission standard: Not Emitted
Number of cylinders: 1
Displacement: 309 cc
Engine RPM: 2400 / 3600 rpm, Adjustable or Automatic
Fuel Consumption: 1.2 l/h at 100% load
Acoustic power: 54 dBA @ 7 m
Voltage regulator: Inverter
Length x width x height (generator): mm 450 x 470 x 520
Length x width x depth (PMG): mm 436 x 196 x 148
Net weight (generator + PMG): kg 68 + 7.6

Non-binding images and technical data.

Product features:

Phase: Single phase
Maximum power single phase (KW): 3.5
Continuous power single phase (KW): 3
Maximum power single phase (KVA): 4
Continuous power single phase (KVA): 3.5
Fuel: Diesel
Frequency (Hz): 60
Voltage (V): 110 - 120 V
Engine: WhisperPower WP1
Emissions Regulations: Not Emitted
Engine rpm (rpm): 2400 / 3600
Engine capacity (cm³): 309

Number cylinders: 1
Cooling: With exchanger
Consumption (L/h): 1.2 l/h at 100% load
Acoustic pressure: 54 dB(A) at 7 m
Length (mm): 450
Width (mm): 470
Height (mm): 520
Dry weight (Kg): 68
Silenced: Yes
Super silenced: Yes
Product type: Generator
Voltage regulator: Inverter
Engine manufacturer:
