

# WHISPER W-SQ PRO 32 VEHICULAR GENERATOR 32KVA SINGLE/THREE PHASE AVR

**Product price:**

**29.850,00 € tax excluded**

## **Product description:**

WHISPER M-SQ PRO 32 VEHICULAR GENERATOR 32KVA SINGLE/THREE PHASE AVR

WHISPER W-SQ PRO 32 Single/three-phase vehicular generator with diesel-powered Mitsubishi S4S engine, delivers 32KVA power, complete with **AVR and EBS voltage regulator**.

The WHISPER W-SQ PRO 32 vehicular generator comes standard with a rugged sound box with anti-corrosion metal plating and heavy insulation material for optimal sound reduction. The acoustic enclosure has easy access to all sides of the generator and provides access to all maintenance-related components from one side.

The WHISPER W-SQ PRO 32 is equipped with **DSE 7420 MKII Control Module** that monitors speed, frequency, voltage, current, oil pressure, coolant temperature, and fuel level; the modules display alerts, shutdown, and engine status. All information is clear and easy to read on the backlit LCD screen. The module offers a range of inputs, outputs and engine protections, so the system can easily adapt to a wide range of applications.

With the AVR technology's electrical stabilizer working at very low distortion, WHISPER W-SQ PRO 32 delivers constant current loads without voltage spikes that could damage electrical and electronic devices. Further advantage of the 'inverter', is to work with variable motor revolutions, depending on the need for current to be delivered, optimizing fuel consumption, gas emission and wear and tear of mechanical parts as best as possible.

## VOLTAGE REGULATOR

WHISPER W-SQ 32 is equipped with AVR, which, when mounted on an alternator, allows a generator set or generator to stabilize the output voltage and does not ruin the connected sensitive electronic equipment. In the modern market, inverters have taken a huge step forward in

technology and performance; therefore, the world's top genset and alternator brands are moving along this line of thinking.

An important feature of the W-SQ 32 range is the 7-inch color touch screen control that will be linked with WhisperCare. This allows complete control of the system. A perfect solution for instant and/or historical information with an attractive display.

### **Technical features WHISPER M-SQ PRO 32:**

Phase type: Single-phase / Three-phase

Maximum power: 32 KVA / 27 KW

Continuous power: 32 KVA / 27 KW

Fuel: Diesel

Voltage: 230/400 V

Frequency: 50 Hz (60 Hz)

Engine: Mitsubishi S4S

Emissions standard: Not Emissions

Number of cylinders: 4

Engine speed: 1500/1800 rpm

Acoustic power: 58 dBA

Fuel consumption: 6 l/h at 100% load

Voltage regulator: AVR + EBS

Length: 1555 mm

Depth: : 749 mm

Height: 805 mm

Net Weight: 640 Kg

### **Product features:**

Phase: Single phase / Three phase

Maximum power three phase (KW): 32

Continuous power three phase (KW): 27

Maximum power three phase (KVA): 32

Continuous power three phase (KVA): 27

Fuel: Diesel

Frequency (Hz): 50 (60 on request)

Voltage (V): 230 / 400

Engine: Mitsubishi S4S

---

Emissions Regulations: Not Emitted  
Engine rpm (rpm): 1500/1800  
Number cylinders: 4  
Cooling: Indirect  
Consumption (L/h): 6 at 100% of the load  
Acoustic pressure: 58 dB(A)  
Length (mm): 1555  
Width (mm): 749  
Height (mm): 805  
Dry weight (Kg): 640  
Silenced: Yes  
Super silenced: Yes  
Product type: Generator  
Voltage regulator: AVR + EBS  
Engine manufacturer: Mitsubishi
