

WHISPER M-SQ PRO 18 MARINE GENERATOR 18KVA SINGLE-PHASE / THREE-PHASE STAGEV AVR

Product price:

21.965,00 € tax excluded

Product description:

WHISPER M-SQ PRO18 MARINE GENERATOR 18KVA SINGLE/ THREE-PHASE AVR

WHISPER M-SQ PRO18 Single/three-phase marine generator with Kubota V2203 MBG StageV diesel engine delivering 18KVA power, **complete with AVR voltage regulator.**

The WHISPER M-SQ PRO18 marine generator is equipped as standard with a robust acoustic capsule with anti-corrosion metal plating and insulating material for optimal sound reduction. The hearing protector features easy access to all sides of the WHISPER M-SQ PRO18 marine generator and offers access to all maintenance-related components from one side only.

Thanks to the electrical stabilizer of AVR technology that works at very low distortion, WHISPER M-SQ PRO18 delivers constant current loads without peaks that could damage electrical and electronic devices. A further advantage of the inverter is that it works with variable motor revolutions, based on the need for the current to be supplied, optimizing fuel consumption, gas emissions and wear of the mechanical parts in the best possible way.

VOLTAGE REGULATOR

WHISPER M-SQ 18 is equipped with AVR which, mounted on an alternator, allows a generator set or current generator to stabilize the output power and does not damage the connected sensitive electronic devices. In the modern market, inverters have made a huge step forward in terms of technology and performance; for this reason the best brands of generator sets and alternators in the world are moving along this line of thought.

STAGEV EMISSIONS REGULATIONS

The WHISPER M-SQ PRO18 Marine Generator is equipped with "mobile" STAGEV engines, as required by European Regulation 2016/1628. These new motorizations make it possible to exponentially reduce the particulate and nitrogen oxide emissions delivered by the WHISPER M-SQ PRO18 marine generator to the environment, and ensure a 200% reduction in environmental impact compared to standard motorizations.

DeepSea Control Features (Optional)

- Group parallel functionality included (ask for more details)
- Provides secure and easy offsite monitoring (optional)
- Allows you to quickly resolve fault conditions and provide instant system information to aid in preventive maintenance
- Graphic displays showing, graphs, meters, power display, graphs and engine status information
- The information is displayed clearly and in a universal format for all users
- Language of your choice

Technical characteristics WHISPER M-SQ PRO18:

Phase Type: Single Phase / Three Phase

Maximum Power: 18 KVA / 14.5 KW

Continuous Power: 17.5 KVA / 14 KW

Fuel: Diesel

Voltage: 230 / 400 V

Frequency: 50 Hz (60 Hz)

Engine: Kubota V2203 M BG

Emission standard: StageV Certified

Number of cylinders: 4

Engine speed: 1500 rpm

Acoustic power: 55 dBA

Voltage regulator: AVR

Length: 1220 mm

Depth: 719 mm

Height: 754 mm

Net Weight: 495 kg

Product features:

Phase: Single phase / Three phase
Maximum power three phase (KW): 14.5
Continuous power three phase (KW): 14
Maximum power three phase (KVA): 18
Continuous power three phase (KVA): 17.5
Fuel: Diesel
Frequency (Hz): 50 / 60
Voltage (V): 230 / 400
Engine: Kubota V2203 M BG
Emissions Regulations: Stage 5
Engine rpm (rpm): 1500
Number cylinders: 4
Cooling: External radiator cooling
Acoustic pressure: 55 dB(A)
Length (mm): 1220
Width (mm): 719
Height (mm): 754
Dry weight (Kg): 495
Silenced: Yes
Super silenced: Yes
Product type: Generator
Voltage regulator: AVR
Engine manufacturer: Kubota
