

WHISPER M-SQ PRO 25 SINGLE-PHASE MARINE GENERATOR 25KW AVR

Product price:

26.122,00 € tax excluded

Product description:

WHISPER M-SQ PRO 25 MARINE GENERATOR SINGLE-PHASE 25KW AVR

WHISPER M-SQ PRO25 marine generator Single-phase with diesel-powered Mitsubishi S4S engine, delivers 25KW power, complete **with AVR and EBS voltage regulator**.

The WHISPER M-SQ PRO25 marine generator comes standard with a rugged sound box with anti-corrosion metal plating and heavy insulation material for optimal sound reduction. The acoustic enclosure has easy access to all sides of the marine generator and provides access to all maintenance-related components from one side.

The WHISPER M-SQ PRO25 uses a high-quality Mitsubishi S4S indirect injection diesel engine designed to provide maximum efficiency and reliability. The direct injection technology enables greater fuel efficiency and longer range.

With AVR technology's electrical stabilizer working at very low distortion, WHISPER M-SQ PRO25 marine generator delivers constant current loads without voltage spikes that could damage electrical and electronic devices. Another advantage of the 'inverter', is that it works with variable motor revolutions, depending on the need for current to be delivered, optimizing fuel consumption, gas emission and wear and tear on mechanical parts to the best advantage.

All WHISPER M-SQ PRO25 generators are set to automatically operate air conditioning/heating systems, heavy tools, compressors, cookers, lights, refrigeration and cooling systems, computers, and more. All at the same time, depending on the load.

The WHISPER M-SQ PRO25 is designed to be ultra-quiet. It is equipped with a sound insulation system that greatly reduces operating noise. In addition, the WHISPER M-SQ PRO25 generator is equipped with a low-noise exhaust system and a water cooling system that further reduce generator noise.

AVR VOLTAGE REGULATOR

WHISPER M-SQ 25 marine generator is equipped with AVR, which, when mounted on an alternator, allows a current generator set to stabilize the output voltage and does not ruin the connected sensitive electronic equipment. In the modern market, inverters have taken a huge step forward in technology and performance; therefore, the world's top genset and alternator brands are moving along this line of thinking.

Technical features WHISPER M-SQ PRO25:

Phase Type: Single Phase

Maximum Power: 30 KVA / 25 KW

Continuous Power: 27 KVA / 22.5 KW

Fuel: Diesel

Voltage: 230 V

Frequency: 50 Hz

Engine: Mitsubishi S4S

Emissions standard: Not Emissions

Number of cylinders: 4

Engine rpm: 1500/1800 rpm

Acoustic power: 58 dBA

Fuel consumption: 6 l/h at 100% load

Voltage regulator: AVR + EBS

Length: 1440 mm

Depth: 749 mm

Height: 805 mm

Net weight: 660 Kg

Non-binding images and technical data.

Product features:

Phase: Single phase

Maximum power single phase (KW): 25

Continuous power single phase (KW): 22.5

Maximum power single phase (KVA): 30

Continuous power single phase (KVA): 27

Fuel: Diesel

Frequency (Hz): 50

Voltage (V): 230

Engine: Mitsubishi S4S
Emissions Regulations: Not Emitted
Engine rpm (rpm): 1500/1800
Number cylinders: 4
Cooling: Indirect
Consumption (L/h): 6 at 100% of the load
Acoustic pressure: 58 dB(A)
Length (mm): 1555
Width (mm): 749
Height (mm): 805
Dry weight (Kg): 640
Silenced: Yes
Super silenced: Yes
Product type: Generator
Voltage regulator: AVR + EBS
Engine manufacturer: Mitsubishi
