

MOBILE AIR CONDITIONER 25000BTU/H

Product price:

3.545,00 € tax excluded

Product description:

MOBILE AIR CONDITIONER 25000BTU/H

Mobile air conditioner is the most effective and convenient solution to quickly remove heat and humidity from working environments, improving the well-being and efficiency of operators.

Each Mobile air conditioner are independent with no need for external units. Therefore, it does not require installation time and costs. A simple click is all it takes to generate a noiseless flow of cold air concentrated on a specific area, both indoors and in specific work areas outdoors, offering high cooling efficiency even at great distances from the unit.

The air conditioner is equipped with a pair of extendable and flexible conveyors that allow to canalize the cold air at any angle, reaching even difficult and narrow environments with the possibility to cool different areas at the same time.

Technical specifications

Cooling capacity: 25000BTU/h

Condenser air flow: 2009 - 2497 m³/h

Evaporator air flow: 985 - 1104 m³/h

Cooled area: 60 - 80 m²

Condensate tank: 18 l

Voltage: 230 V

Frequency: 50 Hz

Phase type: Single phase

Refrigerant: R-410A

Duct diameter: 40 cm

Width: 560 mm

Length: 730 mm

Height: 1300 mm

Net weight: 96 Kg

Looking for an conditioner with different technical characteristics? Here you can find the full range of conditioners from specialized brands.

Product features:

Voltage (V): 230

Refrigerating yield: 25000BTU/h

Maximum air flow rate (m³/h): 2497

Length (mm): 560

Width (mm): 730

Height (mm): 1300

Product type: Air conditioner

Weight (Kg): 96
