Product description:

WEBASTO BLUECOOL C-32T NAUTICAL CHILLER AIR CONDITIONER 32000 BTU/h

Webasto BlueCool C-32T is a chilled water nautical air conditioner suitable for use on boats, with a rated cooling capacity of 32000 BTU/h.

The Webasto BlueCool C-32T is a nautical air conditioner designed to provide an effective and reliable solution for indoor air conditioning in boats. Thanks to its cooling capacity, the air conditioner ensures optimal comfort in all weather conditions.

The Webasto BlueCool C-32T is a water chiller that uses a refrigeration circuit to cool water and then distributes it through a system of pipes and fans. This method of cooling offers many advantages, including quiet operation and even distribution of cool air inside the boat.

The chiller air conditioner can provide cooling to different areas of the boat, allowing the temperature in each room to be adjusted separately. This provides precise control of thermal comfort and the ability to meet the individual preferences of each passenger on board.

The Webasto BlueCool C-32T marine air conditioner is the ideal way to keep ambient air cool and clean on boats with advanced technology designed to deliver reliable performance over time. The system features low noise levels, thanks to noise-dampening technology that minimizes all vibrations during operation and a unit design that uses high-quality materials that have been pre-selected for durability.

Advanced air conditioner technology ensures quiet operation, allowing you to enjoy a cool and comfortable environment without annoying noise. In addition, the system is designed to be highly energy efficient, thus helping to reduce consumption and operating costs.

The high-quality construction and materials used in the Webasto BlueCool C-32T ensure a long service life and resistance to the most demanding marine conditions. The system is designed to withstand moisture, corrosion, and vibration, ensuring reliable performance even in aggressive marine environments.

The WEBASTO BLUECOOL C-32T comes complete with:

electronics

blower

Touch Screen remote panel with 4.5 m cable

TECHNICAL CHARACTERISTICS WEBASTO BLUECOOL C-32T

Cooling capacity: 32000 BTU/h / 9400 W

Heating capacity: 32000 BTU/h / 9400 W

Power Supply Voltage: 230V

Frequency: 50 / 60 Hz

Operating current consumption: 8.8 / 12 A

Minimum cold water flow rate: 26 l/min

Ø cold water connection: 1"

Ø seawater connection: 3/4"

Minimum seawater flow rate: 28 l/min

Max. permissible ambient temperature: 45 °C

Refrigerant: R410a

Refrigerant quantity: 2x480 g

Width: 590 mm

Depth: 410 mm

Height: 500 mm

Net weight: 65 Kg

Product features:

Phase: Single phase

Frequency (Hz): 50

Voltage (V): 230

Refrigerating yield: 32000 BTU/h / 9400W

Heating power: 32000 BTU/h / 9400W

Absorbed average current, refrigerating (A): 8.8 / 12

Length (mm): 590

Width (mm): 410

Height (mm): 500

Product type: Air conditioner

Coolant: R410A

Weight (Kg): 0.4
