## **Product description:**

VITRIFRIGO V31 VEHICLE FRIDGE-FREEZER 31L CHEST FOR VOLVO TRUCKS

Vitrifrigo V31 is a cockpit freezer refrigerator with a total capacity of 31 liters specifically designed for Volvo truck trucks.

The Vitrifrigo V31 is a vehicle fridge-freezer with a 31-liter chest capacity, designed specifically for Volvo trucks. This device is ideal for truck drivers who need to keep food and beverages fresh during their road trips.

With its 31-liter capacity, the Vitrifrigo V31 provides ample storage space to meet the storage needs of drivers. It can easily accommodate bottles, cans, snacks, and other food products that require refrigeration. Additionally, it is equipped with a separate freezer compartment to maintain frozen foods at the right temperature.

The Vitrifrigo V31 is designed to be durable and reliable, able to withstand the vibrations and stresses typical of road use. Its compact and robust design fits perfectly inside Volvo trucks, offering easy installation and practical use.

Equipped with an advanced control system, the Vitrifrigo V31 allows for easy adjustment of the desired temperature inside the fridge and freezer. This ensures that food stays fresh and beverages remain cold throughout the journey.

The Vitrifrigo V31 vehicle fridge-freezer is highly energy efficient, delivering excellent performance without consuming excessive energy. This is particularly important for truck drivers who want to maximize fuel efficiency and reduce operating costs.

Furthermore, the Vitrifrigo V31 features a sealed door that provides excellent sealing and

prevents cold air leakage. This helps maintain a constant internal temperature and prevents the entry of hot air from outside.
