Product description:

Honda HHH36BXB ELT Battery Hedge Trimmer

The Honda HHH36BXB ELT cordless hedgetrimmer is a powerful and versatile product, ideal for maintaining medium to large hedges.

High-performance brushless motor

The Honda HHH36BXB ELT hedgetrimmer is powered by a high-performance brushless motor, which ensures constant and reliable power.

Long and robust blade

The 650 mm long blade allows you to cut large hedges in a single pass. The blade is also robust and durable, ensuring a long service life.

Adjustable tooth opening

The tine opening is adjustable from 12 to 30 mm, to adapt to any type of hedge.

High stroke frequency

The Honda HHH36BXB ELT stroke frequency of 3200 cuts per minute allows for precise and clean cuts.

Weather resistance

Thanks to the IPX4 certification for weatherproofing, the Honda HHH36BXB ELT hedgetrimmer can also be used in rainy conditions.

Lightweight

Weighing only 3.5 kg makes it easy to handle and transport.

Extended autonomy
