Product description:

VITRIFRIGO DW75 OCX2 RFX DRAWER FRIDGE-FREEZER

The VITRIFRIGO DW75 OCX2 RFX is a state-of-the-art stainless steel drawer fridge-freezer that offers a wide range of features and benefits.

With impressive technical features such as a total capacity of 75 litres and an energy consumption of only 0.58 kWh/24h, this fridge-freezer is perfect for those looking for high performance and reliability.

The spacious stainless steel drawer allows you to conveniently store a wide range of foods, including large bottles.

VITRIFRIGO DW75 OCX2 RFX: elegant design and advanced functionality

Key features VITRIFRIGO DW75 OCX2 RFX:

Large drawer: The stainless steel drawer is large enough to store all your food and drinks, even large bottles.

Double door position: The VITRIFRIGO DW75 OCX2 RFX can be installed with the door opening inwards or outwards, to suit your space.

Steelock: The Steelock locking system ensures that the door remains securely closed, even in rough seas.

Ventilation position: The ventilation position allows air to circulate inside the refrigerator when not in use, helping to prevent the formation of mould and odours.

Self-ventilated frame: The self-ventilated frame improves air circulation around the refrigerator, helping it to operate efficiently.

LED light: The new high-intensity LED light illuminates the inside of the VITRIFRIGO DW75

OCX2 RFX so you can easily find what you're looking for.
