Product description:

VITRIFRIGO IM XT OCX2 REFILL ICE MAKER

VITRIFRIGO IM XT OCX2 REFILL, the ideal solution for on-board ice production. This ice maker, VITRIFRIGO, from the new OCX2 series is designed to offer maximum versatility, available in both the HYDRO version, for direct connection to the boat's water system, and in the REFILL version, perfect for use with mineral water thanks to its internal water tank.

The VITRIFRIGO IM XT OCX2 REFILL adopts the revolutionary Steelock system, ensuring easy installation and allowing for either full recessed door or partial recessed door configuration. The new Steelock handle is equipped with a Vent Position to promote ventilation during periods of non-use.

The new water containment tray of the VITRIFRIGO IM XT OCX2 REFILL is specially designed to facilitate extraction, filling, and washing, ensuring maximum convenience in water management.

The waterproof LED thermostat offers precise temperature control, with options down to -18°C and an electronic water level sensor for the REFILL version. Additionally, an optional UV-C sanitization system is available, which purifies the water from bacteria, ensuring a safe and hygienic experience.

With the VITRIFRIGO IM XT OCX2, you can enjoy fresh and crystal-clear ice at any time, ensuring a constant and high-quality supply for all your on-board needs.

Technical Specifications of VITRIFRIGO IM XT OCX2:

Total capacity: 24
Power supply: 230 VAc
Nominal consumption: 180 W
Ice production Kg/24h: up to 8
Reversible door: yes
Total width: 416 mm
Total depth: 555 mm
Total height: 546 mm
Net weight: 25 Kg

VITRIFRIGO IM XT OCX2 REFILL: Your ultimate solution for onboard ice production, ensuring versatility, convenience, and hygienic purity with every cube.
